COMMENT DESCRIPTION:

I am opposed to granting AEP Ohio any surcharge on electric power that is delivered to their system by competing suppliers. Their argument that such a surcharge is needed to carry the load on their distribution systems is specious.

AEP had no problem supplying all the power that I desired when they could charge 8 cents a KWH and also impose fees for billing and distribution services.

I recently received an offer from AEP Retail Energy offering the same rate that I currently pay to

another supplier - I wonder if AEP plans to charge AEP Retail Energy the same proposed surcharge!

AEP reported very healthy profits for last year. Their percentage profit increase was far above my salary rate of increase. Please consider the consumers of Ohio and moderate the rate increases sought by AEP Ohio.

Thank you, Oliver K Williams, III, M.D.
