B. LIFELINE RECOVERY SURCHARGE

1. General

Incumbent Local Exchange Carriers (ILECs), in accordance with Section 4927.13 (D) of the Revised Code, may recover from end users any Lifeline service discounts that are not recovered through state or federal funding or whose recovery is prohibited by law. In accordance with 4901:1-6-19 (P) O.A.C., ILECs may recover these discounts through a customer billing surcharge on retail customers, excluding those with Lifeline service.

The Company's Lifeline Recovery Surcharge is calculated to recover the difference between the Company's Lifeline prices and the Company's standard retail service prices, minus any portion of the price differences that are recovered through federal or state funding. The Company will update this calculation at least once per year in accordance with 4901:1-6-19 (R) O.A.C.

The Lifeline Recovery Surcharge is imposed on each residence, nonresidence, and payphone access line, other than Lifeline service. For purposes of application of this surcharge, access lines are defined as facilities, which provide access to and from the telecommunications network for toll service and for local calling. Not included in this definition are remote call forwarding and Cincinnati Bell official accounts.

2. Rates and Charges

(T)

a. Price Flexibility

All of the Company's exchanges have been deemed competitive and have been accorded the pricing flexibility defined in 4901:6-14 (C) O.A.C. which caps BLES monthly rates at annual increases of no more than \$1.25 per line.

The annual period for rate increases is defined to begin on the anniversary date.

b. Monthly Pricing with Lifeline

(C)

All Lifeline customers receive an FCC prescribed \$9.25 discount on their local monthly service rates. This discount is first applied to waive the federal end user common line charge with the remainder applied to the Customer's monthly BLES, measured service, or bundle rate.

All Lifeline customers receive a CBT-funded state discount of \$3.02 to maximize the federally available assistance under the FCC's four-tier system for determining federal Lifeline support amounts. (Note: Per FCC order, companies are to transition from the four-tier structure by August 1, 2012.) Under the four-tier structure, Lifeline customers with BLES receive an additional CBT-funded discount under the Commission's previous alternative regulation rules, 4901:1-4-11 O.A.C. effective August 7, 2006. This additional discount varies by exchange as follows.

<u>Exchange</u>	<u>Additional Monthly Lifeline Discount</u>
Cincinnati and Hamilton	6.25
Bethany, Harrison, Little Miami, and Williamsburg	3.75
Clermont and Newtonsville	2.50
Bethel, Reily, Seven Mile, and Shandon	1.25

B. LIFELINE RECOVERY SURCHARGE

1. General

Incumbent Local Exchange Carriers (ILECs), in accordance with Section 4927.13 (D) of the Revised Code, may recover from end users any Lifeline service discounts that are not recovered through state or federal funding or whose recovery is prohibited by law. In accordance with 4901:1-6-19 (P) O.A.C., ILECs may recover these discounts through a customer billing surcharge on retail customers, excluding those with Lifeline service.

The Company's Lifeline Recovery Surcharge is calculated to recover the difference between the Company's Lifeline prices and the Company's standard retail service prices, minus any portion of the price differences that are recovered through federal or state funding. The Company will update this calculation at least once per year in accordance with 4901:1-6-19 (R) O.A.C.

The Lifeline Recovery Surcharge is imposed on each residence, nonresidence, and payphone access line, other than Lifeline service. For purposes of application of this surcharge, access lines are defined as facilities, which provide access to and from the telecommunications network for toll service and for local calling. Not included in this definition are remote call forwarding and Cincinnati Bell official accounts.

Exhibit C

Description of Filing

This filing is in accordance with the Commission's Finding and Order issued on May 23, 2012 in Case No. 10-2377-TP-COI and makes all necessary tariff revisions in order to be consistent with the FCC's Lifeline Reform Order and all applicable Ohio law including the Commission's rules and orders. These revisions are primarily related to the new FCC requirement that all Lifeline subscribers must provide documentation of Lifeline eligibility before they can receive any Lifeline benefits.

Net prices (standard prices less the Lifeline discount) for Cincinnati Bell Telephone's (CBT) Lifeline customers are not changing at this time. Rather, CBT anticipates that the net prices will change effective August 1, 2012 in accordance with the additional time that the FCC has granted to implement the new uniform federal Lifeline discount and any associated price changes. Nonetheless, as part of this filing, CBT is restructuring the Rates and Charges part of the Lifeline tariff to be consistent with the new uniform federal Lifeline discount of \$9.25. CBT will file to change the Lifeline discounts and net prices at a later date.

Exhibit D

Customer Notice

Customer notice is not required because prices/discounts are not changing at this time and the changes to the terms and conditions do not directly impact existing customers. The revised terms and conditions primarily change requirements for consumers wanting to enroll in Lifeline. CBT will inform customers of the appropriate requirements to enroll in Lifeline at the time of enrollment. Similarly, CBT will inform customers of the changes to the terms and conditions to recertify eligibility for Lifeline at the time of recertification.
