EXHIBIT C

AT&T Communications of Ohio, Inc. ("ATTCOM") submits this application seeking the Commission's approval, pursuant to O.A.C. § 4901:1-6-29(B)(1)(a), for the transfer of the certificate held by AT&T Communications of Ohio, Inc. to its parent corporation, AT&T Corp. ATTCOM and similar entities in other states will be merged into their parent corporation in late 2012.

AT&T Corp. is a New York corporation with headquarters at One AT&T Way, Bedminster, New Jersey 07921. It is duly registered with the Ohio Secretary of State as a foreign corporation. Its certificate of good standing is attached. AT&T Corp. is a subsidiary of AT&T Inc., which is one of the largest providers of telecommunications services in the world. AT&T Corp., through its subsidiaries, is authorized to provide domestic and international telecommunications services throughout the United States. AT&T Corp. maintains a modern worldwide telecommunications network and either directly or through its subsidiaries offers wireline and Internet-based services and products serving residential, business, and government customers, as well as wholesale customers. AT&T Inc. and its subsidiaries, including AT&T Corp., have extensive operational and managerial experience and substantial financial resources. Information about AT&T Inc.'s consolidated financial status, operations, management, and services is set forth in AT&T Inc.'s most recent annual report, is available at <http://www.att.com/gen/landing-pages?pid=5718>

AT&T Corp. operates in Ohio under the registered trade names "Lucky Dog Phone Co." and "AT&T Business Solutions." It has also registered the fictitious name "ACC Business." The pertinent filings with the Secretary of State are attached.

Although the transaction described here will be transparent to customers, appropriate customer notice is being given to inform them of the transaction, consistent with the Commission's rules. See Exhibit D. The Applicant will supplement this application with confirmation that the customer notices have been given once the customer notice cycle is complete.

In addition, a tariff application updating the existing AT&T Communications of Ohio, Inc.'s tariff consistent with the changes resulting from this transaction will be filed post-closing. Exhibit B includes only the impacted tariff cover sheets because only the entity name on the tariffs will change. The issued and effective dates on the tariff pages will be added upon Commission approval of the transaction but not earlier than the closing date, at which time the revised tariffs will be filed.

There will be no change in the rates or substantive terms and conditions under which AT&T Corp., through ATTCOM, currently serves customers either under tariff, Guidebook, or contract. Once the transaction is completed, the same personnel who manage these services will continue to do so and there will be no change in the network assets used to provide these services.

ATTCOM's current Commission Certificate No. 90-9000, issued on June 24, 1998, does not include the following counties: Ashtabula, Knox, Logan, and Putnam. The applicant therefore requests that a new statewide certificate be issued to AT&T Corp., consistent with the current Commission practice and rule.

Lastly, at the request of the Commission Staff, an updated Proposed Market Area matrix is included with this filing.
