**Re: Construction Notice for PIR 568, Warrensville Road
Center South, 30 Inch High Pressure Distribution Line
Replacement, OPSB Case No. 12-1796-GA-BNR**

Dear Ms Wissman and Ms McCauly.

Late yesterday when we electronically filed a letter requesting expedited treatment, our own records show that the letter we sent was the one attached. However, the letter that was filed is for another case. When we generate a letter, our system gives it a singular internal number that it identifies with the specific document. Today it was brought to our attention that another letter in another case but dated yesterday (and we do not know how the date was yesterday's date) was filed instead. The letter that was filed yesterday also bears the same internal document number as the one attached.

Frankly, we can't figure out how this happened, but nonetheless, the letter we thought we had filed is now attached and bears the proper case number, Case No. 1796-GA-BNR. I apologize for any inconvenience this error may have caused.

Sincerely,

Sally W. Bloomfield

**Re: Construction Notice for PIR 568, Warrensville Road
Center South, 30 Inch High Pressure Distribution Line
Replacement, OPSB Case No. 12-1796-GA-BNR**

Dear Ms. Wissman and Ms. McCauly:

Dominion East Ohio Gas Company ("DEO") filed a Construction Notice for authority to planning to replace 1,581 feet of 26 inch high pressure ("HP") bare steel pipe with 1,581 feet of 30 inch HP coated steel pipe. This construction will run in the center median of Warrensville Center Road from north of Okalona Road to just south of the South Euclid city border.¹

Dominion East Ohio will submit payment of \$2,000 in accordance with Ohio Administrative Code Rule 4906-6-11(I) so that the Construction Notice will be considered on an expedited basis. If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield

¹ DEO will also replace pipeline over which the Ohio Power Siting Board does not have jurisdiction. There is 322 feet of bare 26 inch high pressure bare steel pipe that will be replaced with 26 inch coated steel pipe as part of this project.

This foregoing document was electronically filed with the Public Utilities

Commission of Ohio Docketing Information System on
