RE: In the Matter of the Application of PNG Telecommunications, Inc. d/b/a PowerNet Global Communications to Modify its Carrier-to-Carrier Services to Add VoIP-PSTN Provisions, PUCO Case No. 90-5452-TP-TRF, and Case No. 12-1716-TP-ATA

Dear Ms. McNeal:

Attached is one (1) revised page to be filed on behalf of PNG Telecommunications, Inc. d/b/a PowerNet Global Communications in the above-referenced matter. Please replace the sheet originally filed on June 1, 2012 in this matter with the sheet attached hereto.

Thank you for your assistance. If you have any questions, please do not hesitate to call.

Very truly yours,

/s/ Julie Dollenmayer  
Julie Dollenmayer, Corporate and Regulatory Specialist

**SECTION 2 – RULES AND REGULATIONS, Continued**

**2.9. OBLIGATIONS OF THE CUSTOMER, Continued**

**2.9.2. Continued**

D. Jurisdictional Audits, Continued

4. Should an audit reveal that the misreported percentage(s) of use has resulted in an underpayment of access charges to the Company of five percent or more of the total Switched Access Services bill, the customer shall reimburse the Company for the cost of the audit. Proof of cost shall be the bills, in reasonable detail submitted to the Company by the auditor.
5. audit results to the person designated by the customer to receive such results.

E. Identification and Rating of Toll VoIP-PSTN Traffic

(N)

1. VoIP-PSTN Traffic originates and/or terminates in IP format if it originates from and/or terminates to an end-user customer of a service that requires Internet protocol-compatible customer premises equipment. The transitional Intercarrier Compensation framework for VoIP-PSTN Traffic adopted by the Federal Communications Commission in its Report and Order and Notice of Proposed Rulemaking, WC Docket Nos. 10-90 et al., FCC No. 11-161 (Released Nov. 18, 2011) (“FCC Order”) directed that this intrastate VoIP-PSTN Traffic be billed employing interstate rates.
2. The aggregate Switched Access rates in this tariff are the same as the aggregate Interstate rates for Switched Access. Therefore, no percentage or VoIP factor is necessary to identify and rate Toll Intrastate VoIP traffic, nor are modifications to the rates and/or billing necessary as a result of the Toll VoIP-PSTN provisions of the FCC Order.

F. All of the Company’s traffic in Ohio is VoIP.
