Columbus, OH 43215

RE: **BullsEye Telecom, Inc.**
Revision for P.U.C.O. Tariff No. 2 (Access)
Case No. 12-1903-TP-ATA

Dear Ms. McCauley:

Attached for filing please find the above-referenced tariff filing and application submitted on behalf of BullsEye Telecom, Inc. This filing makes changes to language for the identification and rating of VoIP-PSTN traffic in compliance with the requirements of the Federal Communications Commission Report and Order in WC Docket No. 10-90, etc., FCC No. 11-161 (released Nov 18, 2011) ("FCC Order") and *the FCC's Second Order on Reconsideration (FCC No. 12-47 released April 26, 2012) issued in this Docket*. The Company respectfully requests an effective date of June 22, 2012.

The following tariff pages are included:

1 st Revised Page No. 1	Updates Company Address
8 th Revised Page No. 3	Updates Check Sheet
4 th Revised Page No. 28	Revises VoIP-PSTN Language
1 st Revised Page 28.1	Revises VoIP-PSTN Language; Moves Text
Original Page 28.1.1	Revises VoIP-PSTN Language; Notes Relocated Text
1 st Revised Page 28.2	Revises VoIP-PSTN Language

Please acknowledge of this filing via return email confirmation.

Any questions you may have regarding this filing should be directed to my attention at 407-740-3004 or via email to rnorton@tminc.com. Thank you for your assistance in this matter.

Sincerely,

/s/ Robin Norton
Consultant to BullsEye Telecom, Inc.

Motion for protective order included with filing? Yes No
 Motion for waiver(s) filed affecting this case? Yes No [Note: Waivers may toll any automatic timeframe.]

Notes:

Section I and II are Pursuant to Chapter 4901:1-6 OAC.
 Section III – Carrier to Carrier is Pursuant to 4901:1-7 OAC, and Wireless is Pursuant to 4901:1-6-24 OAC.
 Section IV – Attestation.

- (1) Indicate the Carrier Type and the reason for submitting this form by checking the boxes below.
- (2) For requirements for various applications, see the identified section of Ohio Administrative Code Section 4901 and/or the supplemental application form noted.
- (3) Information regarding the number of copies required by the Commission may be obtained from the Commission’s web site at www.puco.ohio.gov under the docketing information system section, by calling the docketing division at 614-466-4095, or by visiting the docketing division at the offices of the Commission.
- (4) An Incumbent Local Exchange Carrier (ILEC) offering basic local exchange service (BLES) outside its traditional service area should choose CLEC designation when proposing to offer BLES outside its traditional service area or when proposing to make changes to that service.

All Filings that result in a change to one or more tariff pages require, at a minimum, the following exhibits.

Exhibit	Description:
A	The tariff pages subject to the proposed change(s) as they exist before the change(s)
B	The Tariff pages subject to the proposed change(s), reflecting the change, with the change(s) marked in the right margin.
C	A short description of the nature of the change(s), the intent of the change(s), and the customers affected.
D	A copy of the notice provided to customers, along with an affidavit that the notice was provided according to the applicable rule(s).

Section IV. – Attestation

Registrant hereby attests to its compliance with pertinent entries and orders issued by the Commission.

AFFIDAVIT
Compliance with Commission Rules

I am an officer/agent of the applicant corporation, BullsEye Telecom, Inc. , and am authorized to make this statement on its behalf.
(Name)

Please Check ALL that apply:

I attest that these tariffs comply with all applicable rules for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission’s rules as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I attest that customer notices accompanying this filing form were sent to affected customers, as specified in Section II, in accordance with Rule 4901:1-6-7, Ohio Administrative Code.

I declare under penalty of perjury that the foregoing is true and correct.

2. Rules and Regulations (Cont'd.)**2.12 Determination of Jurisdiction of Mixed Interstate and Intrastate Dedicated Transport Service (Cont'd.)**

2.12.2 When mixed interstate and intrastate service is provided over a dedicated facility, the jurisdiction will be determined as follows.

- (a.) If the Customer's estimate of the interstate traffic on the service equals 10% or less of the total traffic on that service, the service will be provided according to the applicable rules and regulations.
- (b.) If the Customer's estimate of the interstate traffic on the service is more than 10% of the total traffic on that service, the service will be provided according to the applicable rules and regulations of the appropriate interstate tariff.
- (c.) If the percentage of interstate traffic on the service changes to the extent that it alters the jurisdiction of the service, the Customer must notify the Company of any required change in status. The affected service will revert to the appropriate jurisdictional tariff within the next full billing cycle.

2.13 Identification and Rating of Toll VoIP-PSTN Traffic

(N)

2.13.1 Scope

Toll VoIP-PSTN Traffic is the traffic exchanged in time division multiplexing ("TDM") format that originates and/or terminates in Internet protocol ("IP") format. This section governs the identification of Toll VoIP-PSTN Traffic that is required to be compensated at interstate access rates (unless the parties have agreed otherwise) by the Federal Communications Commission in its Report and Order in WC Docket Nos. 10-90 et. al. FCC No. 11-161 (November 18, 2011) ("FCC Order"). Specifically, this section establishes the method of separating such traffic (referred to in this tariff as "Toll VoIP-PSTN Traffic") from the Customer's traditional intrastate access traffic, so that such toll VoIP-PSTN Traffic can be billed in accordance with the FCC Order.

This section of the tariff does not preclude carriers from negotiating different rates, terms and conditions governing compensation for Toll VoIP-PSTN traffic.

This tariff does not supersede rates, terms and conditions governing compensation for Toll VoIP-PSTN traffic in existing interconnection agreements.

(N)

Some material previously found on this page now found on Original Page No. 28.4

2. Rules and Regulations (Cont'd.)**2.13 Identification and Rating of Toll VoIP-PSTN Traffic (Cont'd.)**

(N)

2.13.2 Rating of Toll VoIP-PSTN Traffic

The Toll VoIP-PSTN Traffic identified in accordance with this tariff section will be billed in accordance with the Company's applicable interstate switched access tariff. Current and pending interstate access rates for the Company are located at <http://fjallfoss.fcc.gov/cgi-bin/ws.exe/prod/ccb/etfs/mainmenu.hts>

2.13.3 Calculation and Application of Percent-Toll VoIP-PSTN-Usage Factor

The Company will determine the number of Toll VoIP-PSTN Traffic minutes of use ("MOU") to which interstate rates will be applied under Section 2.13.2, above, by applying a Percent VoIP Usage ("PVU") factor to the total intrastate access MOU (however determined – either based on call detail information or PIU) exchanged between the Company and the Customer. The PVU will be derived and applied as follows:

- (A.) The Customer will calculate and furnish to the Company a factor (the "PVU-A") representing the whole number percentage of the total intrastate access MOU that the Customer exchanges with the Company in the State, that (a) is sent to the Company and that originates in IP format; or (b) is received from the Company and terminates in IP format. This PVU-A shall be based on information such as the number of the Customer's retail VoIP subscriptions in the state (e.g., as reported on FCC Form 477), traffic studies, actual call detail, or other relevant and verifiable information.
- (B.) Company will, likewise, calculate a factor (the "PVU-B") representing the percentage of the Company's total intrastate access MOU that the Customer exchanges with the Company in the State, that (a) is sent to the Company and that originates in IP format; or (b) is received from the Company and terminates in IP format. This PVU-B shall be based on information such as the number of the Company's retail VoIP subscriptions in the state (e.g., as reported on FCC Form 477), traffic studies, actual call detail, or other relevant and verifiable information.
- (C.) The Company will use the PVU-A and PVU-B factors to calculate an effective PVU factor that represents the percentage of total intrastate access MOU exchanged between the Company and the Customer that is originated and/or terminated in IP format, whether at the Company's end, at the Customer's end, or at both ends. The effective PVU factor will be calculated as the sum of: (A) the PVU-A factor and (B) the PVU-B factor times (1.0 minus the PVU-A factor).

(N)

2. Rules and Regulations (Cont'd.)**2.13 Identification and Rating of Toll VoIP-PSTN Traffic (Cont'd.)****(N)****2.13.3 Calculation and Application of Percent-Toll VoIP-PSTN-Usage Factor (Cont'd.)**

- (D.) The Company will apply the effective PVU factor to the total intrastate access MOU exchanged with the Customer to determine the number of toll VoIP-PSTN Traffic MOUs.

Example 1: The PVU-A is 40% and the PVU-B is 10%. The effective PVU factor is equal to $40\% + (10\% \times 60\%) = 46\%$. The Company will bill 46% of the Customer's intrastate access MOU in accordance with the Company's applicable interstate switched access tariff.

Example 2: The PVU-A is 0% and the PVU-B is 10%. The effective PVU factor is $0\% + (10\% \times 100\%) = 10\%$. The Company will bill 10% of the Customer's intrastate access MOU in accordance with the Company's applicable interstate switched access tariff.

Example 3: The PVU-A is 100%. No matter what the PVU-B factor is, the effective PVU is 100%. The Company will bill 100% of the Customer's intrastate access MOU in accordance with the Company's applicable interstate switched access tariff.

- (E.) If the Customer does not furnish the Company with a PVU-A pursuant to 2.13.3.A preceding, the Company will utilize an effective PVU equal to the PVU-B.
- (F.) The Customer shall not modify their reported PIU factor to account for toll VoIP-PSTN Traffic.

Specifically, this section establishes the method of separating such traffic (referred to in this tariff as "Toll VoIP-PSTN Traffic") from the Customer's traditional intrastate access traffic, so that such toll VoIP-PSTN Traffic can be billed in accordance with the FCC Order and Second Order. (C)

This section of the tariff does not preclude carriers from negotiating different rates, terms and conditions governing compensation for Toll VoIP-PSTN traffic. (C)

This tariff does not supersede rates, terms and conditions governing compensation for Toll VoIP-PSTN traffic in existing interconnection agreements. (C)

2. Rules and Regulations (Cont'd.)

2.13 Identification and Rating of Toll VoIP-PSTN Traffic (Cont'd.)

2.13.2 Rating of Toll VoIP-PSTN Traffic

The Toll VoIP-PSTN Traffic identified in accordance with this tariff section will be billed in accordance with the Company's applicable interstate switched access tariff. Current and pending interstate access rates for the Company are located at <http://fjallfoss.fcc.gov/cgi-bin/ws.exe/prod/ccb/etfs/mainmenu.htm>

2.13.3 Calculation and Application of Percent-Toll VoIP-PSTN-Usage Factor

The Company will determine the number of Toll VoIP-PSTN Traffic minutes of use ("MOU") to which interstate rates will be applied under Section 2.13.2, above, by applying a Percent VoIP Usage ("PVU") factor to the total intrastate access MOU (however determined – either based on call detail information or PIU) exchanged between the Company and the Customer, until July 25, 2012 and after June 30, 2014. From July 25, 2012 through June 30, 2014, the PVU will be applied to only the terminating intrastate access MOU. The PVU will be derived and applied as follows:

- (A) The Customer will calculate and furnish to the Company a factor (the "PVU-A") representing the whole number percentage of the total intrastate access MOU that the Customer exchanges with the Company in the State, that (a) is terminating access sent to the Company and that originates in IP format; or (b) is originating access received from the Company and terminates in IP format until July 25, 2012 and after 30, 2014. From July 25, 2012 through June 30, 2014, the PVU will represent only the terminating intrastate access MOU. This PVU-A shall be based on information such as the number of the Customer's retail VoIP subscriptions in the state (e.g., as reported on FCC Form 477), traffic studies, actual call detail, or other relevant and verifiable information.

2. Rules and Regulations (Cont'd.)**2.13 Identification and Rating of Toll VoIP-PSTN Traffic (Cont'd.)****2.13.3 Calculation and Application of Percent-Toll VoIP-PSTN-Usage Factor (Cont'd.)**

- | | | |
|-----|--|---|
| (B) | Company will, likewise, calculate a factor (the "PVU-B") representing the percentage of the Company's total intrastate access MOU that the Company originates or terminates in IP format until July 25, 2012 and after June 30, 2014. From July 25, 2012 through June 30, 2014, the PVU will represent only the terminating intrastate access MOU. This PVU-B shall be based on information such as the number of the Company's retail VoIP subscriptions in the state (e.g., as reported on FCC Form 477), traffic studies, actual call detail, or other relevant and verifiable information. | (M)
(M/C)

(M/C)
(M)

(M) |
| (C) | The Company will use the PVU-A and PVU-B factors to calculate an effective PVU factor that represents the percentage of total intrastate access MOU exchanged between the Company and the Customer that is originated and/or terminated in IP format, whether at the Company's end, at the Customer's end, or at both ends until July 25, 2012 and after June 30, 2014. From July 25, 2012 through June 30, 2014, the PVU will represent only the relevant terminating intrastate access MOU. The effective PVU factor will be calculated as the sum of: (A) the PVU-A factor and (B) the PVU-B factor times (1.0 minus the PVU-A factor). | (M)

2. Rules and Regulations (Cont'd.)**2.13 Identification and Rating of Toll VoIP-PSTN Traffic (Cont'd.)****2.13.3 Calculation and Application of Percent-Toll VoIP-PSTN-Usage Factor (Cont'd.)**

- (D) The Company will apply the effective PVU factor to the applicable intrastate access MOU exchanged with the Customer to determine the number of toll VoIP-PSTN Traffic MOUs. (C)

Example 1: The PVU-A is 40% and the PVU-B is 10%. The effective PVU factor is equal to $40\% + (10\% \times 60\%) = 46\%$. The Company will bill 46% of the Customer's applicable intrastate access MOU in accordance with the Company's interstate switched access tariff. (C)

Example 2: The PVU-A is 0% and the PVU-B is 10%. The effective PVU factor is $0\% + (10\% \times 100\%) = 10\%$. The Company will bill 10% of the Customer's applicable intrastate access MOU in accordance with the Company's interstate switched access tariff. (C)

Example 3: The PVU-A is 100%. No matter what the PVU-B factor is, the effective PVU is 100%. The Company will bill 100% of the Customer's applicable intrastate access MOU in accordance with the Company's interstate switched access tariff. (C)

- (E) If the Customer does not furnish the Company with a PVU-A pursuant to 2.13.3.A preceding, the Company will utilize an effective PVU equal to the PVU-B.
- (F) The Customer shall not modify their reported PIU factor to account for toll VoIP-PSTN Traffic.

BullsEye Telecom, Inc.

EXHIBIT C

Summary of Changes

This filing makes changes to language for the identification and rating of VoIP-PSTN traffic in compliance with the requirements of the Federal Communications Commission Report and Order in WC Docket No. 10-90, etc., FCC No. 11-161 (released Nov 18, 2011) ("FCC Order") and *the FCC's Second Order on Reconsideration (FCC No. 12-47 released April 26, 2012) issued in this Docket.*
