THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Application of The East)
Ohio Gas Company d/b/a Dominion East)
Ohio for the Adjustment of its Interim) Case No. 12-1694-GA-PIP
Emergency and Temporary Percentage of)
Income Payment Plan Rider.)

ENTRY

The attorney examiner finds:

- (1) By finding and order issued on July 2, 2012, the Commission approved DEO's application to adjust its Interim Emergency and Temporary Percentage of Income Payment Plan (PIPP) Rider (PIPP Rider) with a 24-month recovery period. DEO's new PIPP Rider rate is \$0.4443 per thousand cubic feet (Mcf), to be recovered over a 24-month period, which would replace the current rate of \$0.7149 per Mcf.
- (2) On June 29, 2012, the Ohio Consumers' Counsel (OCC) filed a motion to intervene in this case. OCC asserts, in support of its motion, that it is a representative of DEO's residential customers, who will be impacted by the resolution of this application. Moreover, OCC avers that its participation will not unduly prolong or delay this proceeding and will allow for efficient processing of the case with consideration of the public interest. The attorney examiner finds that OCC's motion is reasonable and should be granted on an expedited basis.

It is, therefore,

ORDERED, That the motion for intervention filed by OCC be granted. It is, further,

ORDERED, That a copy of this entry be served upon all parties of record.
