Dear Chairman Snitchler,

RE: AMERICAN ELECTRIC POWER (AEP) PROPOSED PRICE FOR CAPACITY CASE 10-2929

I am writing to inform you of my concern regarding the new price for capacity proposed by AEP. The proposal will directly affect our community and I ask you to do everything in your power to ensure that current electric prices do not increase. I understand it is your responsibility and the commission's mission to ensure access to adequate utility services at fair prices and to promote competition in the energy markets in Ohio. In my opinion, the proposed increase in capacity charges contradicts this mission.

As a consumer of energy, I will be directly affected by the newly proposed price for capacity. If the proposed increase in capacity cost is approved, my electric supplier will be forced to increase my electricity costs. Please don't put the interest of AEP ahead of the interest of the residential customers of the State of Ohio.

Please take my view as a customer of a competitive service provider and a current citizen of the State of Ohio into consideration when making your decision in this matter.

Sincerely,

Concerned Energy Consumer of Ohio

Although this letter is a 'form' letter, I do agree that AEP needs to be reigned in. I have kept abreast of publications by both companies and articles in the Columbus Dispatch - it seems to me AEP has an uncontrolled monopoly it is using to its advantage. This isn't about 'jobs' as AEP purports - so many more people are impacted by their proposed rates than jobs! Especially the poor, disabled, elderly and unemployed struggling.

Thank-you - Mrs. Dalrymple

I understand it is your responsibility and the commission's mission to ensure access to adequate utility services at fair prices and to promote competition in the energy markets in Ohio. In my opinion, the proposed increase in capacity charges contradicts this mission.

As a consumer of energy, I will be directly affected by the newly proposed price for capacity. If the proposed increase in capacity cost is approved, my electric supplier will be forced to increase my electricity costs. Please don't put the interest of AEP ahead of the interest of the residential customers of the State of Ohio.

Please take my view as a customer of a competitive service provider and a current citizen of the State of Ohio into consideration when making your decision in this matter.

Sincerely,
