Dear Ms. McNeal:

Ohio Power Company (dba AEP Ohio) filed a Reply Brief in these cases on July 9, 2012. It has come to my attention that there was a misstatement made inadvertently on page 30 that needs to be corrected. On page 30, the following statement was made: "Alternatively, the Commission could grant the RSR as proposed (*i.e.*, \$2/MWh) while separately providing for a new nonbypassable charge to recover the difference between RPM pricing and \$188.88/MW-day."

The sentence should have stated: "Alternatively, the Commission could grant the RSR as proposed (*i.e.*, using a \$929 million non-fuel generation revenue target which would involve a \$2.75/MWh charge based on recovery to \$188.88/MW-day outside of the RSR) while separately providing for a new nonbypassable charge to recover the difference between RPM pricing and \$188.88/MW-day."

Thank you for your attention to this matter.

Respectfully Submitted,
