**RE: North Proctorville Station Expansion
Case Number 12-1847-EL-BNR**

Dear Mr. Lambeck:

Please find attached a copy of the approved Construction Permit for development in the floodplain in connection with the above-captioned matter. AEP Transmission Company ("AEP Transco") has obtained this permit pursuant to Condition 2 found in the OPSB Staff Investigation Report and Recommendation, which requires that prior to construction, the applicant shall provide to OPSB Staff, a copy of any floodplain permit required for construction of this project, or a copy of correspondence with the local floodplain administrator indicating that no permit is required.

Should you have any questions, please do not hesitate to contact me.

Respectfully Submitted,

/s/ Erin C. Miller

Re: Floodplain Development Permit Approval

Dear Ms. Rastegar:

Please find the enclosed **Construction Permit** for development in the **floodplain**. This permit is good for one year from the date of issuance for a **fill/grading project at CR 69 & SR 775**. Please remember that this permit is only good for the items listed on the permit. Should this property be further developed, your permit will need to be updated prior to the beginning of construction or placement of a structure. If you are placing fill, please keep in mind that fill material is only earthen material (rock and soil). Asphalt and concrete are NOT acceptable materials for fill. **Your permit number for this project is 2012-092**. Please keep this permit and permit number for future reference.

Upon completion of this project your floodplain permit will need to be finalized. Please contact our office for a final inspection. Failure to finalize your floodplain permit is a violation of the County floodplain regulations.

We appreciate your willingness to cooperate with Lawrence County in an effort to allow our citizens to be free from the worry of flood damage. If you should have any questions or concerns please contact us at 740-867-4737.

Respectfully,

Carrie Yaniko, CFM
Urban/Education Specialist

FOR OFFICIAL USE ONLY:

Permit Number: 2012-092
Expiration Date: 08/01/2013

Special Flood Hazard Area Development Permit

Application is hereby made for a DEVELOPMENT PERMIT as required by the Special Flood Damage Prevention Regulations of the Unincorporated Areas of Lawrence County for development in an identified flood hazard area (floodplain). All activities shall be completed in accordance with the requirements of said regulations. The development to be performed is described below and in attachments hereto. The applicant understands and agrees that:

- Any permit may be repealed if conditions or facts change;
- Permit void if the activity has not begun within 180 days of the issuance date;
- The permit will remain valid for one year or until the date of expiration as indicated on this permit.

Applicant Information

Owner's Name: American Electric Power

Mailing Address: 700 Morrison Road

City: Gahanna State: OH Zip: 43230

Daytime Telephone: 614.552.2179
