

Non-Residential - Electric Construction Packet

12-1692-RR-FED

RECEIVED-DOCKETING DIV

1012 AUG -7 AM 11:

С О

# **Dear Construction Customer:**

Enclosed you will find your DP&L Electric Construction Packet. This packet provides you with the information needed to obtain your new electric service or electric service change (i.e. service upgrade, relocation of electric lines, etc.).

Please note that the following documents must be completed, signed and returned to DP&L *in their entirety* before the processing of your request can begin:

- D Permanent Electric Service Application
- Permanent Electric Data Sheet
- □ Final Site Plans and/or Electrical Prints

## Please return information to:

## Construction Control Center Dayton Power & Light 1900 Dryden Rd. Dayton, OH 45439 Toll free: 800-424-5578 Phone: 937-331-4860 Fax: 937-331-4272

Or you may email the information to: constructioncontrol@dplinc.com

Please understand if your project involves the construction of a new facility or the relocation of an existing service, a final site plan <u>is required</u> before engineering can be scheduled. We will contact you regarding your project construction date and construction charges if applicable.

If you have any questions or concerns regarding your new electric service or service change, please contact us at the appropriate Control Center listed above.

We look fo	orward to	serving	you!

Technicia	an <u>7</u>	$\mathcal{D}$	Date	Proces	sed AUG (	vusiness. 7 2012

# **Non-Residential Pre-Construction Guidelines**

## **Customer Responsibilities:**

- All electrical work must follow the DP&L Electric Service Standards Handbook which can be found at <u>www.DPandL.com</u>
- > Payment of construction fees if applicable.
  - Your construction project *will not be scheduled* until Dayton Power & Light has received payment in full for all applicable construction and estimate charges.
- > Easements and/or right-of-way for utilities signed by property owner (when applicable).
- Obtain the appropriate electric service installation requirements from DP&L. DP&L's Electric Service Handbook installation diagrams and standards will outline fundamental service delivery requirements.
- Clearance provided for unobstructed access for DP&L to install facilities, including tree trimming and tree clearing if necessary.
- By law, everyone MUST contact the Ohio Utilities Protection Service, 8-1-1 or 1-800-362-2764, at least 48 hours but no more than 10 working days (excluding weekends and legal holidays) before beginning ANY digging project.
- Have grading within 6" of final grade with unobstructed access for DP&L to install facilities. Sign and return to DP&L the "Authorization to Install Underground Facilities."
- Local and/or State inspection requirements must be met before DP&L will set the meter (please confirm inspection requirements with your local inspecting authority). In the absence of an inspecting authority a waiver needs to be signed by a licensed electrician. Please call the Construction Control Center to obtain a waiver if required.

# Authorization to Install Underground and/or Overhead Electric Facilities

# PLEASE READ CAREFULLY

# Do not submit this authorization form until the excavation grading is within six inches of final grade and there is unobstructed access for DP&L to install facilities.

This letter authorizes the Dayton Power & Light Company (DP&L) to proceed with the installation of the underground utilities located at:

(Please fill in the complete address)

This confirms that:

- 1. Excavation to within six inches of final grade has been established over the underground or overhead electric construction routing.
- 2. All staking and street crossing ducts requested on DP&L project prints have been installed.
- 3. There is unobstructed access for DP&L to install facilities.

In advance of DP&L construction, please make sure you agree with our equipment locations. You <u>will</u> be responsible for any additional expenses incurred by DP&L as the result of grade changes, improperly identified property lines, street crossing ducts not installed, or facility relocation.

l,understa	I, have read and (Name) (Title) understand this authorization.	have read and

SO #:

# Site Plan

# Customer must provide a detailed site plan noting the following:

- □ North Direction
- □ Property Lines
- □ Location of new and existing structures
- □ Location of all new and existing customer owned facilities (i.e. well/water lines, septic/sewer lines, septic fields, drain tiles, etc)
- □ Location of proposed and/or existing driveways
- Distance (feet) to the road & property lines
- Location of electric panel(s) and proposed meter(s) location

# **New Service Checklist**

Please use this checklist to track the progress of your new service installation or construction project.

## DONE

- 1. I submitted my completed construction packet and site plan to the Construction Control Center. Date Complete: \_/\_/\_\_\_
- I received confirmation post card from Construction Control Center with my project reference number.
   S.O. #\_\_\_\_\_\_
   Date Received: \_\_/\_/\_\_\_
- 3. A Design Tech will visit your site to determine the facilities needed to provide you electric service. The project will go through an approval process before an invoice is generated. Please allow several weeks for processing. Contact our Construction Control Center for the status of your project. Date Complete: \_\_/\_/\_\_\_

## Design Tech will determine items below that apply.

- 4. I received Invoice, Line Extension Agreement, and Authorization to Install from the Pricing & Invoicing Department (if applicable). Date Received: / /
- I mailed signed Line Extension Agreement and Authorization to Install with a check to Pricing & Invoicing (if applicable).
   Date Sent: ///\_\_

## Payment (if applicable) must be received prior to the start of construction.

- I received Easement Document from Real Estate Services (if applicable) NOTE: DP&L may need to obtain easement from neighboring properties. Date Received: \_/\_/\_\_\_
- 7. I mailed signed Easement Document to Real Estate Services (if applicable). Date Complete: \_\_/\_/\_\_

## Easement(s) (if applicable) must be received prior to the start of construction.

- 8. Once above requirements are met, a Project Manager will schedule your project. If you are responsible for primary trenching, please coordinate with the Project Manager by contacting the Construction Control Center. Date Received: \_/\_/\_\_
- 9. My service trench is open and I notified the Construction Control Center (I have contacted OUPS at 1-800-362-2764 before digging). Date Complete: \_/\_/\_\_
- 10. Service inspection requirements have been met. Date Complete: \_/\_/\_\_
- 11. DP&L energized my service and all work is complete. Date Complete: / /\_\_\_\_

Questions? If you have questions about your new service that aren't discussed here, please refer to the *Electric* Service Handbook at www.dpandl.com/images/uploads/electricservicehandbook.pdf or call our Construction Control Center at 1-800-424-5578
