RE: **Construction Notification**  
Poston-Ross 138kV Line (Reconductor/Rebuild Project Section VI)  
Case No. 12-2480-EL-BNR

Dear Chairman Snitchler:

In accordance with Rules 4906-5-02 and 4906-11-02, Ohio Administrative Code ("OAC"), AEP Ohio Transmission Company ("AEP Transco"), submits this Construction Notification. The requested start date for the construction of this project is October 2012. This project is expected to be completed and placed in service by May 2013. This section is the sixth and final phase of the overall rebuild of the Poston-Ross 138 kV line.

As required by Rule 4906-11-02(C), AEP has submitted a copy of this Construction Notification to the chief executive officer of each municipal corporation and county and the head of each public agency charged with protecting the environment or of planning land use in the area in of the proposed project. Please find attached copies of cover letters that have been submitted to the Ross County Commissioners, and the Scioto Township Administrators.

Should you have any questions, please do not hesitate to contact me.

Respectfully Submitted,

//s/ Erin C. Miller  
Erin C. Miller, Counsel

# Construction Notice

for the

## Poston - Ross 138kV Line

### Reconductor/Rebuild Project Section 6

Submitted by

## AEP Ohio Transmission Company

To

### The State of Ohio Power Siting Board

September, 2012

## **CONSTRUCTION NOTICE**

In accordance with Ohio Administrative Code Section 4906-11-02 Construction Notice Requirements, AEP Ohio Transmission Company (“AEP Transco”) submits the following information:

### **4906-11-02(B)**

**(1) Name of the Project**

The name of this project is the Poston - Ross 138kV Line  
Reconductor/Rebuild Project Section 6.

**(2) Description of this Project**

AEP Transco must reconductor an existing 138 kV single circuit transmission line in Southern Ohio. The existing 3)636,000 cm ACSR (Aluminum Conductor Steel Reinforced) 26/7 strand conductor will be replaced with 3)1,033,500 cm ACSR (Aluminum Conductor Steel Reinforced) 54/7 strand conductor from Clark Hollow Rd to Narrows Road covering 11.4 miles. No additional right of way easements will be required for this reconductoring project. This project meets the requirements of a Construction Notice as stated in Rule 4906-1-01 Appendix A, Item 3. Replacing conductors on existing conductors with larger conductors. This is the 6<sup>th</sup> and final continuation to the overall plans to rebuild the entire Poston – Ross 138kV line.

**(3) Need**

Due to increasing electrical load growth in the Southern Ohio area, AEP Transco must reconductor an existing 138 kV single circuit transmission line. Due to deterioration and increased structure loading, existing structures will be replaced one for one with like structures throughout the project.

**(4) Construction Schedule**

This section of the reconductoring project is expected to begin in October 2012 and be completed and placed in service in May 2013.

**(5) Estimated Cost**

The cost for this project is estimated to be \$1,000,000.

**(6) Technical Features**

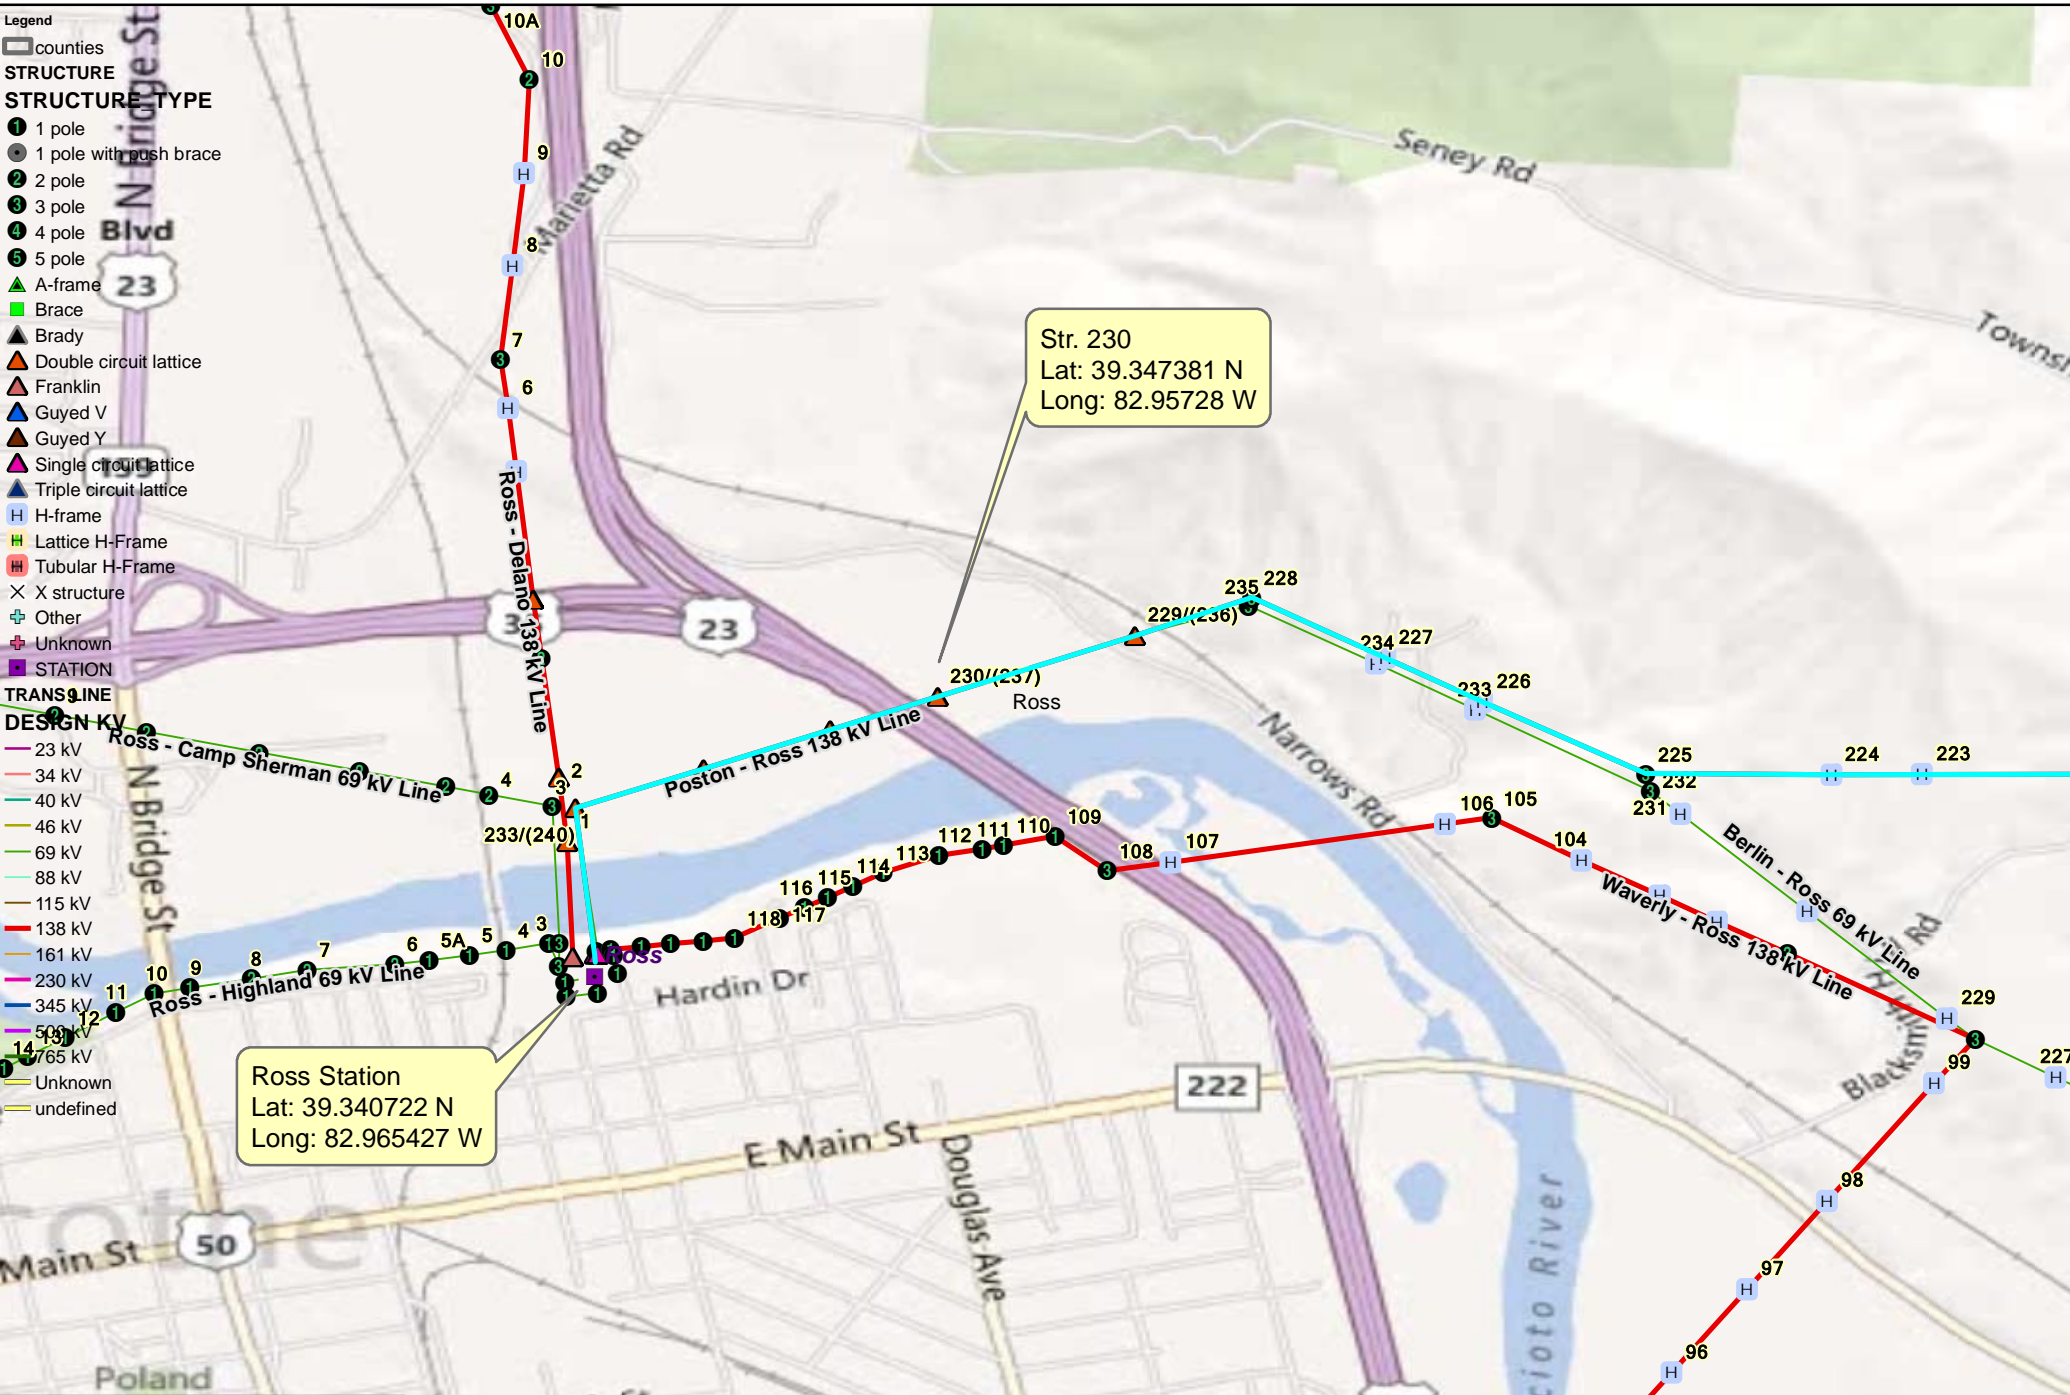

The existing 3) 636,000 ACSR (Aluminum Conductor Steel Reinforced) 26/7 strand conductors have a diameter of 0.990" and a weight of 0.874 lb/ft. These conductors will be replaced with 3) 1,033,500 cm ACSR (Aluminum Conductor Steel Reinforced) 54/7 strand conductors having a diameter of 1.245" and a weight of 1.330#/ft. The existing structures will be checked to AEP and NESC standards and replaced on a one for one basis to meet current clearance and load design. Highway crossing permits will be obtained from the Ohio Department of Transportation for all crossings. A SWPPP permit will be filed for this project with the Environmental Protection Agency.

**(7) Maps**

The line is located in Southeast Ohio. It starts at Narrows Road then travels 1 mile west to Ross Station, Chillicothe, OH.

**4906-11-02(C) Notification**

Copies of this Construction Notice have been sent to the Ross County Commissioners, and Scioto Township Administrators.

**Construction Notice  
Poston – Ross 138kV Line  
Reconductor/Rebuild Project**

Dear Commissioners:

In accordance with Chapter 4906 of the Ohio Administrative Code, the AEP Ohio Transmission Company is required to submit a Construction Notice to the State of Ohio Power Siting Board whenever a change is made to our transmission facilities.

American Electric Power must reconductor an existing 138kV single circuit transmission line in Southern Ohio

In compliance with Rule 4906-11-02 of the OPSB Rules and Regulations, we have prepared and filed the attached Construction Notice. This Notice contains details on the line location, project description and construction schedule, and is submitted for your information.

Cordially,

A handwritten signature in purple ink, reading 'Jeremy R. Cress', is positioned below the word 'Cordially,'.
