Re: AEP-Ohio Capacity Pricing Case (10-2929-EL-UNC) and AEP-Ohio  
Electric Security Plan Cases (11-346-EL-SSO, *et al.*)

Honorable Todd A. Snitcher:

At a time when Local Government funding has diminished and no casino revenue will be shared with our city of Kenton, we are asking you to reconsider the suspension of market-based capacity pricing. Our city has a declining population, the median household income is \$31,239 and the below poverty level is 21.6%. Our residents are unable to sustain an increase in their electric costs and our city budget for 2012 electric expenses will fall short. We are searching for new businesses to locate in our city and how at this time can you make a decision to add more costs?

Kindest Regards,

Jayma Davis  
Deputy Auditor
