**Case No. 12-2417-EL-REN
Cole-Jay-PA-PV-9.66kW Residence
Staff Interrogatory – 2nd Set**

Section H

Question 1: In section H of the application, you indicate that the Renewable Energy Facility has a placed in service date before January 1, 1998, however the in service date is listed as 4/26/12. Was the renewable energy facility placed in service before or after January 1, 1998?

You answered: "The placed in service date for this facility is April, 26, 2012, and yes, it was placed in service before January 1, 1998".

Question 2: In section H of the application, the unit in service date should coincide with the option selected. April 26, 2012 is not a valid date when selecting an in service date before January 1, 1998 (option 1) but is a valid date for a facility that was placed in service after January 1, 1998 (option 2).

If the facility was placed in service before January 1, 1998 then please provide an in service date that is before January 1, 1998. If the facility was placed in service on April 26, 2012, please confirm that option 2 (after January 1, 1998) should be selected.

Answer 2: My apologies on this one. The facility was not placed in service before January 1, 1998. The facility was placed in service on April 26, 2012 and I can confirm that option 2 (after January 1, 1998) should be selected.

Please let me know if you have any further questions and thank you for your cooperation.

Best,
