COMPLAINT DESCRIPTION:

I cant believe all the new charges on my electric bill like deferred fuel from 2009-2011 and Retail stability Rider what kind of nonsense is that I thought the PUCO was put into place to stop this kind of stuff yet everything the utilities companies want they seem to get so when is enough ,enough I'm a factory working, tax paying, working poor why cant some of these companies absorb some of these cost and not always worry about the profit they can make I have no one to pass my increase cost on to.

Taxed to death Rich Hassan
