September 21, 2012

Mr. John R. Kasich
Governor of Ohio
Riffe Center, 30th Floor
77 South High Street
Columbus, OH 43215

Dear Governor Kasich:

Enclosed are the signatures of hardworking employees, both hourly and salary of Ormet Corporation, their family members, friends, neighbors, and concerned citizens of the surrounding communities. These petitions were completed in a short amount of time, reflecting the major concern for "affordable power" which with the recent rate increases on electric power by A.E.P., has placed the jobs and livelihoods of these people in jeopardy. This will make quite a hardship on the area schools, businesses, employees, their families, not to mention the impact on the unemployment rate in Ohio. Curtailment of operations and lay-off of employees have already begun at Ormet Corporation.

We, the signees of these documents, are asking for your help in brokering some type of agreement for a reduction in power cost that would allow Ormet Corporation to continue operations and thus retain the 1000 jobs at Ormet, plus the thousands of indirect jobs of the surrounding communities.

Ormet is by far the largest employer and tax contributor in rural Monroe County. To lose these jobs would be devastating. Please get involved and do all you can to preserve our jobs and our communities.

Thank you for your consideration regarding this matter.

Sincerely,

Thomas L. Byers
Thomas L. Byers, President
Local Union #5724
