**MOTION OF INTERVENORS UNION NEIGHBORS UNITED, INC.,
 JULIE JOHNSON, AND ROBERT AND DIANE McCONNELL FOR
 ISSUANCE OF A SUBPOENA DUCES TECUM TO GAMESA WIND US, LLC**

Intervenors Union Neighbors United, Inc., Julie Johnson, and Robert and Diane
 McConnell hereby file the attached motion requesting a subpoena to Gamesa Wind US, LLC
 ("Gamesa").¹

MEMORANDUM IN SUPPORT

Gamesa is the manufacturer of the Gamesa G97 turbine model, one of the turbine models
 identified by Champaign Wind on page 10 of its application as suitable for use in the Buckeye
 Wind II Project.

The requested subpoena seeks documents related to any information obtained or
 generated by Gamesa about noise, shadow flicker, and other adverse effects of operating wind
 turbines. As a manufacturer of turbines, Gamesa is expected to possess information about the
 potential harm caused by its products. Moreover, information about this manufacturer's
 specifications and recommendations for setbacks, buffers, and the protection of health and safety
 could be used to identify suitable setbacks and other precautions for Champaign Wind's turbines.
 This information may be useful in identifying certificate conditions that are necessary to protect
 the public against the potential adverse effects of Champaign Wind's proposed turbines.

¹ This motion replaces Intervenors' Motion for Subpoena to Gamesa filed September 24, 2012, which is hereby
 withdrawn.

This is to certify that the images appearing are an
 accurate and complete reproduction of a case file
 document delivered in the regular course of business.
