RE: Blue Creek Wind Farm; Case #09-1066-EL-BGN

Dear Ms. Wissman,

Being the County Engineer for Van Wert County, it is my duty to give the OPSB my professional opinion on the final condition of the roadways used by Iberdrola and their contractors during the construction of the Blue Creek Wind Farm. After extensive review, it is my opinion that Blue Creek Wind, L.L.C. has met their obligations under condition #41(c) and the project's road use agreement concerning roadway restoration. I feel that all County and Township roads are in as good or better condition than they were prior to construction.
