Docketing Case No.:

12-1682-EL-AIR

Notes:

Please docket the following in the case number above. Thank you.

\*\*\*\*\*  
\*\*\*\*\*

Duke Energy will or has requested a rate hike for the residents of Hamilton county, which will cause unnecessary financial hardships to the residents of the county. This rate request is a direct result of a dispute Duke is having with the city over the street car project. As a tax payer this is crazy! Sir, please look at the games they are playing with our finances and our lively hood.

Todd Snitchler

Dear Snitchler,

Now that the city of Cincinnati has taken a stand against Duke Energy's dirty business and chosen an energy provider using less coal, Duke is asking for a rate hike on working Ohioans and small business owners to compensate for their failure to modernize. Duke Energy shouldn't be allowed to use rate hikes to punish customers who choose cleaner, cheaper options for their electricity supply.

Duke Energy should quit investing in coal and instead invest in the renewable technologies that they claim to support--and that are required under Ohio's Renewable Portfolio Standard. In Ohio, we already pay the hidden cost of coal with our health and our environment. But if companies like Duke want to ask more from our pocketbooks too, it should be for an Ohio that's powered by local wind & solar that will protect our health and employ thousands of Ohioans.

I oppose this rate hike.

Case number: 12-1682-EL-AIR

Sincerely,

Loretta Reardon
