THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Application of The )  
Dayton Power and Light Company to ) Case No. 12-2512-EL-RDR  
Update its Economic Development Rider )

FINDING AND ORDER

The Commission finds:

- (1) The Dayton Power and Light Company (DP&L) is an electric utility as defined in Section 4928.02, Revised Code, and, as such, is subject to the jurisdiction of this Commission.
- (2) On September 21, 2012, DP&L filed an application to update its Economic Development Rider (EDR), pursuant to Section 4905.31(E), Revised Code, and Rule 4901:1-38-08, Ohio Administrative Code (O.A.C.). In its application, DP&L seeks recovery of costs resulting from Commission approved reasonable arrangements in *In the Matter of the Application of the Dayton Power and Light Company for Approval of a Unique Arrangement with Caterpillar, Inc.*, Case No. 10-734-EL-AEC, and *In the Matter of the Application of the Dayton Power and Light Company for Approval of a Unique Arrangement with Wright-Patterson Air Force Base*, Case No. 11-1163-EL-AEC. DP&L requests that the updated rates be made effective on a bills-rendered basis by the first billing cycle in November 2012.
- (3) On October 19, 2012, Commission Staff (Staff) filed its Staff Review and Recommendations in regard to the application of DP&L to update its EDR. Staff found that the proposed EDR charges reflect the current and projected costs resulting from the reasonable arrangements approved by the Commission. Staff further found that the proposed charges are expected to provide recovery of approximately \$3 million in costs over the next twelve months, which results in a reduction of current rates beginning in November 2012. Staff recommends approval of DP&L's application to update its EDR.

- (4) The Commission finds that DP&L's application to update its EDR is consistent with Section 4905.31(E), Revised Code, and Rule 4901:1-38-08, O.A.C., does not appear to be unjust or unreasonable, and should be accepted. Further, the Commission finds that it is unnecessary to hold a hearing in this matter.
- (5) The Commission finds that DP&L's updated EDR rider should become effective on November 1, 2012.

It is, therefore,

ORDERED, That DP&L's application to update its EDR be accepted in accordance with finding (5). It is, further,

ORDERED, That DP&L file in final form four complete copies of tariffs consistent with this Finding and Order. One copy shall be filed with this case docket, one shall be filed with DP&L's TRF docket, and the remaining two copies shall be designated for distribution to the Rates and Tariffs Division of the Commission's Utilities Department. The Applicant shall also update their respective tariffs previously filed electronically with the Commission's Docketing Division. It is, further,

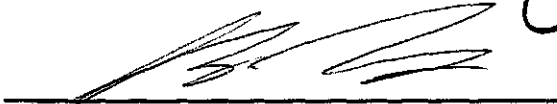

ORDERED, That DP&L shall notify all effected customers via a bill message or via a bill insert within 30 days of the effective date of the tariffs. A copy of the customer notice shall be submitted to the Commission's Service Monitoring and Enforcement Department, Reliability and Service Analysis Division. It is, further,

ORDERED, That nothing in this Finding and Order shall be binding upon this Commission in any future proceeding or investigation involving the justness or reasonableness of any rate, charge, rules, or regulation. It is, further,

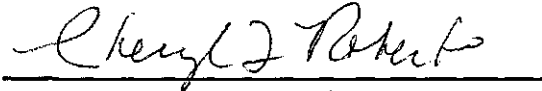

ORDERED, That a copy of this Finding and Order be served upon all parties of record.
