Buckeye II Wind Project--Case No.: 12-0160-EL-BGN

Ohio Power Siting Board

180 East Broad Street

Columbus, OH 43215

Dear Ohio Power Siting Board,

This letter serves to express my support for the proposed Buckeye II Wind Project in Champaign County.

I am a long time resident and small business owner where the project will take place.

We feel that the project will increase our revenue.

We repair commercial trucks and equipment.

We feel that this project will give us more exposure to the industry and increase our customer base.

Buckeye Wind Project--Case No.: 12-0160-EL-BGN
Ohio Power Siting Board
180 East Broad Street
Columbus, OH 43215

To the Ohio Power Siting Board,

This letter is to express my support for the proposed Buckeye II Wind Project in Champaign County.

I am a community member in Champaign County and I strongly believe that this second project will provide many positive benefits based on strong winds, strong economy and strong community. By expanding with Buckeye II, the wind farms in our county will:

- Generate clean, renewable electric energy for thousands of homes and businesses
- Pay millions in tax revenue to schools and local government
- Contribute to Ohio and U. S. energy independence
- Create hundreds of construction and manufacturing jobs and many ongoing operational jobs
- Assist Ohio in achieving its Advanced Energy Portfolio Standard
- Jumpstart an economic engine that will allow my friends, family and neighbors to thrive with a higher quality of life in Champaign County

Additional Comments:

Thank you for taking the time to hear the public's opinions on this project. Many of us cannot wait to continue building strong winds, strong economy and strong community in our county. Your certification of this project will allow us to do so.

Sincerely,

Michael C. Solvers Signature

Buckeye II Wind Project--Case No.: 12-0160-EL-BGN

Ohio Power Siting Board

180 East Broad Street

Columbus, OH 43215

Dear Ohio Power Siting Board,

This letter serves to express my support for the proposed Buckeye II Wind Project in Champaign County.

I grew up on my parents' farm outside of Woodstock.

Based on research I have done and seeing the Buckeye II Wind Project studies, I want to express my total support of this project.

There is such a great need for these turbines in our community. It's time to see Champaign County move forward instead of blocking progress.

As a graduate of Triad High School, I know how much the school needs additional money to continue to give its students the kind of education they need and deserve. In just a short time, even after numerous cuts in staff, classes, field trips and more, Triad will be operating in the red zone. The hundreds of thousands of dollars in tax revenue will ease this burden.

I strongly urge you to please cast your vote in favor of Buckeye II.

Thank you for taking the time to read this letter. Many of my neighbors and I are excited about building strong winds, strong economy and strong community in Champaign County. Your certification of this project will allow us to do so.

Sincerely,

Buckeye II Wind Project—Case No.: 12-0160-EL-BGN

Ohio Power Siting Board

180 East Broad Street

Columbus, OH 43215

Dear Ohio Power Siting Board,

This letter serves to express my support for the proposed Buckeye II Wind Project in Champaign County.

I am a landowner in Champaign Co and have been since 1963. My husband operated a Farm Mgt business here until his death & I have continued. We both participated in many organizations during these years (School Bd-PTA-Church Arts Council etc) We visited the Wind Farm in Benton Co., Indiana and were impressed. The sound created was minimal and the residents were very favorable in their comments and pleased with the income generated. I believe the Hi-Tension lines & tall towers are more objectionable as they cross the countryside than wind turbines. I believe in renewable energy and feel the economic benefits to the community and schools is very important. I do not feel real estate prices will ~~be~~ suffer as a result of Wind Turbines. I own 530 Acres in the Co.

Thank you for taking the time to read this letter. Many of my neighbors and I are excited about building strong winds, strong economy and strong community in Champaign County. Your certification of this project will allow us to do so.

Sincerely,

Buckeye II Wind Project--Case No.: 12-0160-EL-BGN

Ohio Power Siting Board

180 East Broad Street

Columbus, OH 43215

Dear Ohio Power Siting Board,

This letter serves to express my support for the proposed Buckeye II Wind Project in Champaign County.

I have lived in Champaign Co. for 50 years and plan to continue living here for many more. I have been involved as a sole proprietor business in the county and have also been involved in my community in organizations, church, and school. I have raised 5 children here and would not be in favor of any venture that I felt would negatively affect this area. I do not think that wind turbines would be negative and I support the project.

As an owner of farm real estate I do not feel our real estate values will be negatively affected as a result of wind turbines. I have visited a wind farm and comments from the locals there were positive. The income generated from this project would be welcomed from the schools & community.

Thank you for taking the time to read this letter. Many of my neighbors and I are excited about building strong winds, strong economy and strong community in Champaign County. Your certification of this project will allow us to do so.

Sincerely,
