Buckeye Wind Project--Case No.: 12-0160-EL-BGN

PUCO

Ohio Power Siting Board

180 East Broad Street

Columbus, OH 43215

To the Ohio Power Siting Board,

This letter is to express my support for the proposed Buckeye II Wind Project in Champaign County.

I am a community member in Champaign County and I strongly believe that this second project will provide many positive benefits based on strong winds, strong economy and strong community. By expanding with Buckeye II, the wind farms in our county will:

- Generate clean, renewable electric energy for thousands of homes and businesses
- Pay millions in tax revenue to schools and local government
- Contribute to Ohio and U. S. energy independence
- Create hundreds of construction and manufacturing jobs and many ongoing operational jobs
- Assist Ohio in achieving its Advanced Energy Portfolio Standard
- Jumpstart an economic engine that will allow my friends, family and neighbors to thrive with a higher quality of life in Champaign County

Additional Comments:

*We would like to have a wind turbine
on our farm*

Thank you for taking the time to hear the public's opinions on this project. Many of us cannot wait to continue building strong winds, strong economy and strong community in our county. Your certification of this project will allow us to do so.

Sincerely,

David L Pullman Signature

Additional Comments:

*I am for the wind project.
I do not believe those who are against the wind
project, understand its value to the people of
Champaign County, and that the so called
danger and noise is not what they have
been told.
I have been where a wind project is.*

Thank you for taking the time to hear the public's opinions on this project. Many of us cannot wait to continue building strong winds, strong economy and strong community in our county. Your certification of this project will allow us to do so.
