Mr. & Mrs. Sparks,

Thank you for your input regarding the proposed Buckeye II Wind Farm. I have docketed your letter in the public comments section of the record in case number 12-0160-EL-BGN.

To view all activity pertaining to this case, siting application, and/or rules governing the installation and operation of wind energy in Ohio, visit the Ohio Power Siting Board's website at www.OPSB.ohio.gov. The OPSB welcomes comments from the general public, including local residents and all stakeholders in the project.

Again, the Board thanks you for your interest.

Thanks,

Steve

As homeowners in Champaign County and in the Phase 2 area, we are adamantly opposed to these projects. Please keep in mind that letters sent to the OPSB need to be from the folks directly impacted by these projects. Not people from out of the area that will financially gain from a project that is not in their back yard! We strongly believe that this is not in the best interests of those parties directly impacted by the project.
