The Commission finds:

- (1) Pursuant to its December 19, 2012, Entry on Rehearing, the Commission granted in part and denied in part the application for rehearing filed by Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company (collectively, Joint Applicants).
- (2) The second full paragraph, second sentence on page 5 of the December 19, 2012, Entry on Rehearing states that:

Specifically, the Commission clarifies that the Financing Order, p. 40, (10) should reflect that upfront and ongoing Financing Costs for the issuance of PIR Bonds, under the single combined issuance should not exceed five percent of the amounts reflected in columns B-D on Exhibit C of the application, Pages 1, 2 and the financial advisor expenses discussed *infra*.

In order to be consistent with our treatment of debt retirement costs, the aforementioned sentence should be revised as follows:
