NOTICE OF FILING AMENDMENTS TO JOINT APPLICATION

The Toledo Edison Company (“Toledo Edison”) hereby provides notice of its filing of an amendment to the Application to Commit Energy Efficiency/Peak Demand Reduction Program (“Application”) that it filed jointly with Johns Manville Waterville Complex (“Johns Manville”) on December 31, 2009.

The Application, as originally filed, listed ten energy efficiency projects, and requested an ongoing exemption from the utility’s energy efficiency/peak demand reduction rider (an “Exemption”) as an incentive for each.

On November 16, 2012, Toledo Edison and Johns Manville filed an amendment to the Application in order to request a Commitment Payment for the two behavioral projects listed on Exhibit 2, including Project 5 (“Oven Energy Efficiency”) and Project 8 (“Vacant Building Utility Reduction”).
