## NFC

completing 16 of 21 for 233 yards, including a 4-yard touchdown to Vernon Davis, and had them so worried about his running ability out of the spread option that Gore and LaMichael James had plenty of room.

Gore scored a pair of touchdowns, including the game winner with 8:23 remaining for San Francisco's first lead of the day. Davis scored the first TD for the 49ers on a 15-yard run.

"I take my hat off to Atlanta. They played hard. They've got a great team," Gore said. "But we fought, man. We fought and we deserved it."

The 49ers pulled off the biggest comeback victory in an NFC championship game, according to STATS. The previous NFC record was 13 points — Atlanta's victory over Minnesota in the 1999 title game, which sent the Falcons to what remains the only Super Bowl in franchise history.

In the AFC, the record is 18 points, when Indianapolis rallied past New England in 2007.

Harbaugh is hardly cool and collected like the 49ers' first Super Bowl-winning coach, Bill Walsh, but has pulled off a similar turnaround in San Francisco. The 49ers had eight straight years without a winning record before their new coach arrived from Stanford in 2011.

The San Francisco 49ers bench erupts after the NFC Championship game against the Atlanta Falcons Sunday in Atlanta. The 49ers won 28-24 to advance to Super Bowl XLVII.

New York Giants in overtime in last year's NFC title game, a bitter defeat at home set up by a fumbled return.

This time, the 49ers were the ones winning on the road to set up another celebration in the city by the bay, which is rapidly becoming the new Tiltown USA. They'll try to follow the lead of the baseball Giants, who won the World Series in October.

"We've come full circle," said Denise DeBartolo York, part of the family that has owned the 49ers since their championship days, "and the dynasty will prevail."

Kaepernick guided San Francisco on a pair of second-half scoring drives that wiped out Atlanta's 24-14 lead at the break. Gore scored on a 5-yard run early in the third quarter, then sprinted in from 9 yards out for the winning score with 8:23 remaining

after each team made crucial mistakes to ruin potential scoring drives.

On both of Gore's TDs, the Falcons had to worry about Kaepernick running it in himself. They barely even touched the running back on either play, and James scored pretty much the same way.

"I kind of figured that coming in and they showed that on film, so I assumed Frank and LaMichael were going to have a big day," Kaepernick said. "Frank ran hard today, and I can't say enough about him."

The top-seeded Falcons (14-4), in what appeared to be the final game for Hall of Famer-to-be Tony Gonzalez, tried to pull off another season-extending drive. But, unlike the week before against Seattle, they needed a touchdown this time.

They came up 10 yards short.

On fourth down, Matt

Ryan attempted a pass over the middle to Roddy White that would have been enough to keep the drive going. But line-backer NaVorro Bowman stuck a hand in to knock it away with 1:13 remaining.

The 49ers ran off all but the final 6 seconds, not nearly enough time for Ryan to pull off his greatest comeback yet.

In the divisional playoffs, the Falcons blew a 20-point lead in the fourth quarter, the Seahawks scoring the go-ahead touchdown with 31 seconds remaining. But Ryan completed two long passes, setting up Matt Bryan's 49-yard field goal for 30-28 victory.

The Falcons came up short of their second Super Bowl, leaving the 1995 Braves as the city's only major sports champions. This one figures to hurt for a while.

"We didn't make the plays when we had the

opportunity," Falcons coach Mike Smith said. "There were five or six plays, like in most hard-fought games, that make a difference. There were ebbs and flows and changes in momentum, and they made more plays than we did."

Kaepernick, who ran for 181 yards against the Packers the week before to set an NFL playoff record for a quarterback, didn't have much chance to use his legs against the Falcons. He broke off a 23-yard gain, but was thrown for a 2-yard loss the only other time he carried the ball.

But Kaepernick showed he's more than a runner. His favorite receiver was Davis, who hauled in five passes for 106 yards.

Gore carried 21 times for 90 yards, while James added 34 yards on five carries.

Ryan finished 30 of 42 for 396 yards, by far the best performance of his playoff career. But his postseason record dropped to 1-4, done in by two big miscues — an interception and a fumble — in the second half.

Julio Jones was Ryan's leading target most of the day, finishing with 11 catches for 182 yards and a pair of touchdowns. He hauled in a 46-yarder less than 4 minutes into the game, then made a dazzling grab in the left corner of the end zone for a 20-yard score. He got his left foot down, then planted his right foot about an inch inside the line — while cornerback Tarell Brown was all over him. Ryan threw a 10-yard touchdown pass to

Gonzalez with 25 seconds remaining in the first half after the 49ers had cut the deficit to 17-14. It seemed the home team had reclaimed the momentum heading to the locker room, but, amazingly, that would be its final score of the day. The 49ers quickly seized control on the opening possession of the second half, driving 82 yards in just seven plays for Gore's first TD.

## AFC CHAMPIONSHIP Ravens upset Patriots 28-13 to make Super Bowl

FOXBOROUGH, Mass. — Joe Flacco outdueled Tom Brady, throwing three touchdown passes in the second half and leading the Baltimore Ravens to their first Super Bowl in 12 years with a 28-13 victory over the New England Patriots on Sunday for the AFC championship.

The win sets up the first Super Bowl coached by brothers, Baltimore's John Harbaugh and San Francisco's Jim.

Baltimore linebacker Ray Lewis' final season will conclude in two weeks in New Orleans; he was the MVP of the 2001 game, the Ravens' only Super Bowl win.

Flacco had two touchdown passes to Anquan Boldin and one to Dennis Pitta as the Ravens outscored the Patriots 21-0 in the second half. Baltimore's defense made Brady look ordinary and stymied the league's top offense. Brady was 67.0 at home when leading at halftime.

## NOTICE OF PROPOSED MAJOR UTILITY FACILITY

AEP Ohio and AEP Ohio Transmission Company (AEP Ohio Transco) propose to improve the transmission system in Delaware County by installing a second circuit and replacing some support structures along its existing Trent-Delaware 138-kilovolt (kV) line that connects the Trent and Delaware substations.

The purpose of the project is to install a second circuit on the vacant position along the existing tower line, replace four lattice towers with single pole, 60-ft arm structures and two-pole dead-end structures. Construction is scheduled to begin in March 2013.

The project is known as the Trent-Delaware 138-kV Line Improvement Project. As required by Ohio Revised Code Section 4906.11-01, AEP Ohio Transco has filed a Letter of Notification with the state of Ohio Power Siting Board.

This project qualifies as a Letter of Notification filing because it meets the requirements outlined in OAC 4906.1-01, Item (4)(A) of Appendix A "Application Requirement Matrix for Electric Power Transmission Lines" where replacing electric power transmission line structures with a different type of structure within an existing electric power transmission line and two miles or less of new right of way are required.

The Letter of Notification for the Trent-Delaware 138-kV Line Improvement Project is pending before the Ohio Power Siting Board. This application has been assigned Case Number 13-171-EL-BLN. This number should be included in all communications with respect to this proceeding.

Petitions to intervene in or comment on the Letter of Notification will be accepted by the siting board up to 10 days following the publication date of this notice required by Rule 4906.5-08(C)(1), OAC. Petitions should be addressed to Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio, 43215-3793 and must cite the above-listed case number.

The Trent-Delaware 138-kV Line Improvement Project involves replacing four existing structures, which currently are double circuit lattice steel towers, with tubular steel double circuit structures. A second conductor circuit and optical ground wire will be installed on the existing transmission line structures and the new structures.

This line improvement will be an approximate \$5 million investment by AEP in its transmission system in the area. The project will allow

AEP to continue to provide the level of service its customers expect.

The accompanying map depicts the line route. It should be noted that due to the reduced scale and limited detail, this map should be used only as a general guide. Copies of the actual Letter of Notification, including specific details about the location and construction are available for public inspection at the following locations:
