PUCO; To whom it may concern,
I strongly oppose Duke Energy &
any of its customers in Butler Co.
to end up paying for the Strut-
car in Cincinnati, but Cincinnati's
the people who voted for a strutcar
for the bill! I am retired & 83 years
old & live on a fixed income, I don't
need anymore increase in my Gas &
electric bill! Since any of the people
in Butler Co. are not going to be using
this strutcar or had any vote to
promote this idea, Why should we
be footing the bill for Duke Energy
estimate of \$15 million to move the
Duke lines for the strutcar I hope the
Court will decide that Cincinnati is re-
sponsible for the cost! This Strutcar
project has got a lot of people in Midd-
letown upset! Why they need a strut-
car in Cincinnati is beyond me!

Thank You
