Exhibit B-1 "Jurisdictions of Operation"

Bmark Energy, Inc. has licenses and certifications in Illinois, Maryland, Pennsylvania and California.

Bmark Energy, Inc.

Exhibit B-2 "Experience & Plans"

Bmark Energy currently consults with companies to provide energy cost savings made available by consuming less energy, by better measuring and managing energy, or by purchasing energy at lower rates. We currently work with hospital groups, fast food chains, pharmaceutical groups, hotel groups, along with a nationwide Feed/Chemical Terminal company located in numerous states.

We don't provide customer billing, as the electricity suppliers provide that function. Ours is a consultant/broker function.

Our practice always promotes the end-user's best interest . . . first.

We plan to provide the same energy cost savings approach to Ohio companies as well.

Bmark Energy, Inc.

Exhibit B-3 "Summary of Experience"

Bmark Energy currently provides its consulting/brokering services to 60 commercial/industrial meters in 6 states and 10 LDCs. The current volume of electricity used by our customers is approximately 108,000,000 kWh annually.

PROFESSIONAL EXPERIENCE

Bmark Energy Inc: 1993 to present

President and Treasurer:

Daily activities involve interaction with utilities, energy analysts, energy suppliers, and end-use customers, with all efforts toward reducing company end-use consumption, energy purchase costs, and overall annual energy spend on electricity and natural gas.

Areas of involvement:

Utility and supplier bill reviews as well as tracking meter and interval data. Complete review of existing utility tariffs as well as current supplier offers for both fixed and indexed rates for various terms. We also consult regarding energy market conditions and risk avoidance levels. Provide energy market updates to advise companies on future potential purchase opportunities.

Deregulation Center:

We keep companies abreast of new deregulation activity in different states and utility service areas to alert them to new purchase and cost-saving opportunities.

Southern California Gas Co. (Sempra) 1981 – 1993

Billing and Customer Service:

Worked with customers to ensure customer satisfaction on both the billing and service end of the utility. When deregulation began in 1993, it was time for another career.

ADDITIONAL COMMENTS AND REFERENCES

Bmark Energy currently consults with companies in almost every state whose energy markets (electricity and/or natural gas) are deregulated.

In most cases there are energy cost savings available by consuming less energy, by better measuring and managing energy, or by purchasing energy at lower rates.

We currently work with hospital groups in California; fast food chains in NY, NJ, FL; a pharmaceutical group with facilities in four states; a hotel group with facilities in six states; and a nationwide Feed/Chemical Terminal company located in numerous states.

Our practice always promotes the end-user's best interest . . . first.
