Real Time Notice Which Will Be Provided to Customers

Thank you for choosing Sage as your telecommunications provider. Sage Telecom, Inc. and Sage Telecom Communications, LLC are pleased to announce that Sage Telecom Communications, LLC will be acquiring the telecommunications customers of its sister company, Sage Telecom, Inc., in Ohio. The actual effective date of the transfer will depend on when we receive the appropriate state and federal regulatory approvals. Sage Telecom Communications, LLC will automatically become your telecommunications provider for your services at that time.

We want to assure you that the transaction will not affect the price of the services you currently receive and that you will continue to receive Sage services, without interruption, at the same rates and with the same features, terms, and conditions as the service you enjoy today.

The transaction has been structured such that customers should not be charged any carrier-change charges levied by your local telephone company. If, however, such a charge does appear on the bill from your local telephone company as a result of this transfer of service to Sage Telecom Communications, LLC, please call Sage's customer service department toll-free at 1-888-449-4940 (for residential customers) and 1-877-619-3969 (for business customers), and a representative will reimburse you or credit your account accordingly. You may also call the customer service department if you have any service orders or complaints up until the time the transfer takes place. You may, of course, choose another carrier for your telephone service, but additional charges may apply, including any termination liability charges in your contract.

Please note that any "freeze" you have placed on your existing telephone lines to prevent unauthorized transfer to another long distance carrier will be over-ridden for purposes of this transaction, and will need to be reinstated by you after the transfer is complete. Your Sage Telecom Communications, LLC's customer care representative can provide you with further details.

Additional information about the vast array of communications services offered by Sage is available at www.sagetelecom.net.

EXHIBIT G

Description of and Rationale for the Involved Transaction, Including Public Interest Considerations

Description of the Proposed Transaction

This application seeks approval of a name change from Sage Telecom, Inc. to Sage Telecom Communications, LLC as the license holder for Certificate of Public and Convenience and Necessity No. 90-9212 granted in Case No. 02-126-TP-ACE. The applicant requests that Certificate No. 90-9212 be reissued and the Commission's records be amended to reflect the correct entity name of Sage Telecom Communications, LLC.

In 2000, the U.S. Treasury Department created the New Markets Tax Credits ("NMTC") Program, which awards tax credits to spur new or increased investments in businesses that serve low-income communities. Sage Telecom, Inc. applied for and was awarded a grant under the NMTC Program to provide telecommunications services to low-income residents. However, in order to comply with certain requirements under the NMTC Program, it was necessary to create Sage Telecom Communications, LLC as a special-purposes entity into which all of the assets of Sage Telecom, Inc. would be transferred. Specifically, the company proposes to undertake a *pro forma* internal structural change whereby all of Sage Telecom, Inc.'s assets and customers will be transferred to Sage Telecom Communications, LLC. After the transaction, Sage Telecom Communications, LLC will become the sole Sage operating company in Ohio.

Sage Telecom Communications, LLC emphasizes that the proposed transaction will be completely seamless to Sage Telecom, Inc.'s existing customers. The proposed transaction is entirely intra-corporate in nature, will not involve any change in the ultimate ownership or control of the Sage companies, and will not affect any of the rates, terms or conditions under which the company's customers receive service. Immediately following the transaction, existing customers will continue to receive service under the Sage brand name, and the proposed transaction will not involve any discontinuation of service or termination of customers. Moreover, because the transaction is *pro forma* in nature, the company's operations will continue to be managed and conducted by the same technical, operational, and managerial personnel that are currently in place.

Public Interest Considerations

The proposed transaction will serve the public interest by enabling Sage Telecom Communications, LLC to continue offering customers a compelling alternative to legacy carriers, and a comprehensive suite of telecommunications services, while at the same time, expanding the availability of advanced telecommunications services to low-income residents through the NMTC Program. Low-income residents are often ignored by competitive telecommunications service providers as they generally do not provide the same returns on investment associated with service provided to enterprise customers. Sage Telecom Communications, LLC is committed to serving the low-income market, and participation in the NMTC Program is just one example of that commitment. The public interest is served by the proposed *pro forma* internal structural change as it will permit Sage Telecom Communications,

LLC to take advantage of the NMTC tax credits, and to continue Sage's mission of providing service to historically underserved low-income subscribers. In sum, the internal structural change is expected to create substantial new service opportunities for low-income customers, which will ultimately enhance the variety of telecommunications products and services offered to Ohio consumers.
