**Letter of Notification
Chamberlin-Mansfield 345 kV Transmission Line Loop
To Hanna Substation Project
Case No. 13-0834-EL-BLN**

Dear Ms. McNeal:

In accordance with Ohio Administrative Code Rule 4906-1-11, American Transmission Systems, Incorporated ("ATSI"), a FirstEnergy Company, hereby transmits one (1) original and eleven (11) copies of the enclosed Letter of Notification for the above captioned project. In this project, ATSI is proposing to extend the existing Chamberlin-Mansfield 345 kV Transmission Line approximately one mile to the existing Hanna Substation. The Project is located in Rootstown Township, Portage County, Ohio.

Please be advised of the following:

- | | |
|--|--|
| a) Name and address of the applicants: | American Transmission Systems, Incorporated
76 South Main Street
Akron, Ohio 44308 |
| b) Name of proposed facilities: | Chamberlin-Mansfield 345 kV Transmission Line Loop
To Hanna Substation Project |
| c) Location of proposed project: | The proposed Project is located on the existing Hanna Substation property and along the northerly portion of existing transmission line right-of-way located east of the substation. The Project is located in Rootstown Township, Portage County, Ohio. The Hanna Substation is located at 4650 Sandy Lake Road, Ravenna, Ohio 44266. |

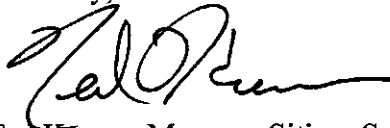

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician MN Date Processed **APR 15 2013**

- d) Description of proposed facilities: The proposed Project extends the existing Chamberlin-Mansfield 345 Transmission Line as a loop approximately 0.95 miles to the existing Hanna Substation to create Chamberlin-Hanna and Hanna-Mansfield 345 kV Transmission Line circuits. The Project includes expanding the northerly fence line of the Hanna Substation, relocating a small section of the existing Hanna-Juniper 345 kV Transmission Line adjacent to the northeast corner of the Hanna Substation, as well as swapping circuit positions of the existing Hanna-Highland 345 kV Transmission Line and the south side of the new transmission line loop.
- e) Applicant's representative: Ted Krauss, Manager Siting, Survey & Right-of-Way
Energy Delivery Transmission and Substation Design
FirstEnergy Service Company
76 South Main Street
Akron, OH 44308-1890

After docketing this filing, please return one time-stamped copy of the Letter of Notification for our records to us in the enclosed envelope. We have provided a copy of the Letter of Notification by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of the Rootstown Township and Portage County are also enclosed for your file.

Should the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (330) 761-4268.

Sincerely,

Ted Krauss, Manager Siting, Survey and Right-of-Way

Letter of Notification
Chamberlin-Mansfield 345 kV Transmission Line Loop
To Hanna Substation Project
Case No. 13-0834-EL-BLN

Dear Commissioner Chandler,

In the above captioned project, American Transmission Systems, Incorporated ("ATSI"), a FirstEnergy company, is proposing to extend the existing Chamberlin-Mansfield 345 Transmission Line as a loop approximately 0.95 miles to the existing Hanna Substation to create the Chamberlin-Hanna and Hanna-Mansfield 345 kV Transmission Line circuits. The Project includes expanding the northerly fence line of the Hanna Substation, relocating a small section of the existing Hanna-Juniper 345 kV Transmission Line adjacent to the northeast corner of the Hanna Substation, as well as swapping circuit positions of the existing Hanna-Highland 345 kV Transmission Line and the south side of the new transmission line loop. The proposed Project is located on the existing Hanna Substation property and along the northerly portion of existing transmission line right-of-way located east of the substation. The Project is located in Rootstown Township, Portage County, Ohio. The Hanna Substation is located at 4650 Sandy Lake Road, Ravenna, Ohio 44266.

In accordance with the provisions of Ohio Administrative Code ("OAC") Rule 4906-1-01, this project falls within the Ohio Power Siting Board's requirements for a Letter of Notification ("LON") filing. Therefore, in compliance with OAC 4906-11-01 of the OPSB's Rules and Regulations, we have prepared and filed the attached LON with the OPSB for their review and approval. The LON contains a description of the Project, and is provided for your information.

If there are any questions concerning this matter, please contact me at (330) 761-4268.

Sincerely,

Ted Krauss, Manager Siting, Survey and Right-of-Way

Letter of Notification
Chamberlin-Mansfield 345 kV Transmission Line Loop
To Hanna Substation Project
Case No. 13-0834-EL-BLN

Dear Commissioner Marsilio,

In the above captioned project, American Transmission Systems, Incorporated (“ATSI”), a FirstEnergy company, is proposing to extend the existing Chamberlin-Mansfield 345 Transmission Line as a loop approximately 0.95 miles to the existing Hanna Substation to create the Chamberlin-Hanna and Hanna-Mansfield 345 kV Transmission Line circuits. The Project includes expanding the northerly fence line of the Hanna Substation, relocating a small section of the existing Hanna-Juniper 345 kV Transmission Line adjacent to the northeast corner of the Hanna Substation, as well as swapping circuit positions of the existing Hanna-Highland 345 kV Transmission Line and the south side of the new transmission line loop. The proposed Project is located on the existing Hanna Substation property and along the northerly portion of existing transmission line right-of-way located east of the substation. The Project is located in Rootstown Township, Portage County, Ohio. The Hanna Substation is located at 4650 Sandy Lake Road, Ravenna, Ohio 44266.

In accordance with the provisions of Ohio Administrative Code (“OAC”) Rule 4906-1-01, this project falls within the Ohio Power Siting Board’s requirements for a Letter of Notification (“LON”) filing. Therefore, in compliance with OAC 4906-11-01 of the OPSB’s Rules and Regulations, we have prepared and filed the attached LON with the OPSB for their review and approval. The LON contains a description of the Project, and is provided for your information.
