Columbus, OH 43215-3793

Construction Notice
Wadsworth Muni Silvercrest-West Akron 138 kV Transmission Line
Temporary By-Pass at Pine Substation Project
Case No. 13- -EL-BNR

Dear Ms. McNeal:

In accordance with Rule 4906-1-11 of the Ohio Administrative Code, American Transmission Systems, Incorporated ("ATSI") and Ohio Edison Company ("OE"), FirstEnergy Companies, transmit one (1) original and eleven (11) copies of the enclosed Construction Notice for the above captioned project. In this project, ATSI and OE are proposing to install a temporary tap from the existing Wadsworth Muni Silvercrest-West Akron 138 kV Transmission Line to a mobile distribution substation that will be located at the existing Pine Substation. This temporary tap will serve as a by-pass to the normal 138 kV feed to Pine Substation while the substation undergoes improvements.

The new transmission line construction will extend approximately 450 feet from the existing Wadsworth Muni Silvercrest-West Akron 138 kV Transmission Line to Pine Substation. As a part of the project, three (3) new wood poles and one (1) new stub pole will be installed for the transmission line temporary by-pass. These temporary facilities will be constructed on property owned by OE and no new easements will be needed. These facilities will be removed after improvements are completed at Pine Substation. The Project area is located at approximately 341 White Pond Drive, in the City of Akron, Summit County, Ohio.

Please be advised of the following:

After docketing this filing, please return one time-stamped copy of the Construction Notice to us for our records in the enclosed envelope. We have provided a copy of the Construction Notice by certified mail, with return receipt requested, to each official of the political subdivisions in the area of the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of the City of Akron, Summit County are also enclosed.

Should the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (330) 384-5955.

Sincerely,

Jessica Thacker

Construction Notice
Wadsworth Muni Silvercrest-West Akron 138 kV Transmission Line
Temporary By-Pass at Pine Substation Project
Case No. 13- -EL-BNR

Dear Mayor Plusquellic,

In the above captioned project, American Transmission Systems, Incorporated ("ATSI") and Ohio Edison Company ("OE"), FirstEnergy Companies, are proposing to install a temporary tap from the existing Wadsworth Muni Silvercrest-West Akron 138 kV Transmission Line to a mobile distribution substation at the existing Pine Substation. This temporary tap will serve as a by-pass to the normal 138 kV feed to Pine Substation while the substation undergoes improvements. The temporary transmission line construction will extend approximately 450 feet from the existing Pleasant Wadsworth Muni Silvercrest-West Akron 138 kV Transmission Line to Pine Substation. As a part of the project, three (3) new wood poles and one (1) new stub pole will be installed for the transmission line temporary by-pass. These temporary facilities will be constructed on property owned by OE and no new easements will be needed. These facilities will be removed after improvements are completed at Pine Substation. The Project area is located at approximately 341 White Pond Drive, in the City of Akron, Summit County, Ohio.

In accordance with the provisions of Ohio Administrative Code ("OAC") Rule 4906-1-02, this project falls within the Ohio Power Siting Board's requirements for a Construction Notice ("CN"). Therefore, in compliance with OAC 4906-11-02 of the OPSB's Rules and Regulations, we have prepared and filed the attached CN with the OPSB for their review and approval. The CN contains a description of the project, and is provided for your information.

I will be happy to answer your questions concerning this matter. You can contact me at (330) 384-5955.

Sincerely,

Jessica Thacker
