Re: Case No. 10-2387-TP-COI  
Response of OCTA to May 9, 2013 Entry

Dear Ms. McNeal:

Pursuant to Finding (21) of the May 9, 2013 Entry in this matter, I am writing on behalf of the Ohio Cable Telecommunications Association to confirm that the confidential submissions made by it on July 1 and July 15, 2011 should be continued to be maintained under seal.

The confidential information consisted of information derived from data provided to the Commission Staff in response to data requests included in the November 3, 2010 and February 23, 2011 Entries in this proceeding and filed under seal by the carriers. These carriers have asserted that the public release of this information would cause harm to them in the various Motions for Protective Order they have filed in this proceeding and in the protective agreements they have required. Because the eligible incumbent local exchange carriers have provided data that they have asserted be treated confidentially and because the OCTA has agreed to take measures to protect that data, the OCTA respectfully requests that its July 1 and July 15, 2011 submissions continue to remain under seal. If the carriers from which the OCTA obtained access to the information decide to release such information to the public, the OCTA will supplement this letter.

Thank you for your cooperation in continuing to maintain under seal the July 1 and July 15, 2011 submissions of the OCTA in this case.

Sincerely yours,

  
Stephen M. Howard
