crease in the Rates to be Charged) Case No. 80-377-EL-AIR
and Collected for Electric Service.)

ENTRY

The Attorney Examiner, pursuant to the authority granted by Section 4901-1-37, Ohio Administrative Code, coming now to consider the above-entitled matter, makes the following findings:

- 1) The Consumers' Counsel filed a Notice of Intervention in this matter on July 24, 1980. That notice should be considered as a petition to intervene and should be granted. Pursuant to Chapter 4911 of the Revised Code, the Consumers' Counsel is empowered to represent the interest of Ohio's residential consumers in rate proceedings before this Commission.
- 2) On July 8, 1980, General Motors Corporation filed a petition for leave to intervene in this proceeding. General Motors alleges that it purchases substantial volumes of electricity from Toledo Edison Company under rate schedules proposed to be increased in this case. The petition for leave to intervene should be granted.

It is, therefore,

ORDERED, That Consumers' Counsel and General Motors Corporation be granted leave to intervene in this proceeding. It is, further,

ORDERED, That a copy of this Entry be served upon all parties of record.
