BEFORE THE PUBLIC UTILITIES COMMISSION OF OHIO

IN THE MATTER OF THE APPLICATION OF EASTERN NATURAL GAS COMPANY FOR APPROVAL OF AN ADJUSTMENT TO ITS UNCOLLECTIBLE EXPENSE RATE RIDER

CASE NO. 13-0307-GA-UEX

APPLICATION

)

The Eastern Natural Gas Company ("Eastern") hereby submits its annual Uncollectible Expense Rider Report and respectfully requests approval to revise its Uncollectible Expense Rider rate. In support of its Application, Eastern states as follows:

- On January 26, 2005, the Commission issued an Entry in Case No. 04-1619-GA-UEX, in which it approved Eastern's application to defer its uncollectible expenses for calendar year 2004 rather than immediately institute an uncollectible rider.
- The Commission in its Entry in Case No. 04-1619-GA-UEX ordered that an uncollectible rider would be considered in Eastern's then current base rate case, Case No. 04-1779-GA-AIR.
- On January 11, 2006, the Commission issued its Opinion and Order in Case No. 04-1779-GA-AIR, in which it approved the Stipulation and Recommendation of the parties and authorized the current uncollectible expense rider rate of \$0.0088 per Ccf.
- 4. The Stipulation and Recommendation further required Eastern to summit a report of 2004 and 2005 uncollectibles written off, balances deferred, and amounts recovered within 60 days of approval of the rider along with a description of its

credit and collection policies. This report and the description of the credit and collection polices was filed with the Commission on March 10, 2006.

- 5. The Stipulation and Recommendation approved by the Commission, requires that subsequent reports will be filed in May of each year and will include annual data from the prior year.
- Eastern filed a report in compliance with the Stipulation and Recommendation on April 30, 2007 (Case N0. 07-512-GA-UEX) and requested a new rider of \$0.01203 per Ccf. The rider was approved by the Commission in its Entry of June 27, 2007 and became effective July 1, 2007.
- On April 30, 2008, Eastern filed Case No. 08-561-GA-UEX requesting a new Uncollectible Rider rate of \$0.00808 per Ccf. The rider was approved by the Commission in its Entry on July 2, 2008 and became effective August 1, 2008.
- On April 30, 2009, Eastern filed Case No. 09-367-GA-UEX requesting a new Uncollectible Rider rate of \$0.00460 per Ccf. The rider was approved by the Commission in its Entry on June 10, 2009 and became effective July 1, 2009.
- 9. On April 29, 2010, Eastern filed Case No. 10-572-GA-UEX requesting a new Uncollectible Rider rate of \$0.00758 per Ccf. The rider was approved by the Commission in its Entry on May 26, 2010 and became effective July 1, 2010.
- 10. On May 5, 2011, Eastern filed Case No. 11-0307-GA-UEX requesting a new Uncollectible Rider rate of -\$0.00044 per Ccf. The rider was approved by the Commission in its Entry of June 22, 2011 and became effective July 1, 2011.
- 11. The Commission in its Entry of June 22, 2011 directed the PUCO Staff to examine Eastern's UEX balances, write-offs, and recoveries for 2009 and 2010, and that any required adjustments or corrections be considered in Eastern's 2012 UEX rider application.
- 12. On November 3, 2011 the Report by the Staff of the Public Utilities Commission of Ohio, Audit of the Uncollectibles Expense Mechanisms for the Period of

January 2009 through December 2010 was filed in Case No. 11-0307-GA-UEX. The Staff in its report made no recommendations or adjustments.

- On April 26, 2012, Eastern filed Case No. 12-0307-GA-UEX requesting a new Uncollectible Rider rate of \$0.00604 per Ccf. This rate was approved by the Commission in its Entry of June 20, 2012.
- 14. In Case No. 12-0307-GA-UEX, the Commission Staff also recommended that, in the next gas cost recovery financial audit for Eastern in 2013, Staff should examine the monthly UEX balances, write-offs and recoveries for 2011 and 2012, which was approved in the Commission's June 20, 2012 Entry.
- 15. Eastern now proposes a revised Rider rate of (\$0.00087) per Ccf. The rate is comprised of (1) the balance of deferred uncollectible accounts expense net of recoveries as of December 31, 2012 amortized over a two-year period and (2) the actual bad debt write-offs and collection expenses for the year 2012.
- 16. Eastern's Rider states "The Company shall file an application with the Public Utilities Commission of Ohio requesting approval to change the rate if the Company determines that an adjustment of more than plus or minus ten percent is needed to adjust for prior period over- or under-collections." The portion of the proposed Rider increase that is attributable to the prior period under-collection exceeds +/- 10%.
- 17. The resulting rate of (\$0.00087) per Ccf is a decrease of 114% and is just and reasonable and should be approved. Copies of the proposed and scored current tariff sheets are Attachment 2 to this Application.

WHEREFORE, Eastern respectfully requests the Commission approve the new Uncollectible Expense Rider rate proposed in this application and authorize the filing in final form of Seventh Revised Sheet 29 contained in Attachment 2 of the application.

Respectfully submitted,

Kinnith N. Rozult
