## MEMORANDUM IN SUPPORT

Duke Energy Ohio respectfully requests the Public Utilities Commission of Ohio (Commission) grant its Motion to Continue to Protect the Confidentiality of Information Contained in the Plan.

Duke Energy Ohio is an Ohio corporation with its principal office in Cincinnati, Ohio. Duke Energy Ohio has the corporate power and authority, among others, to engage, and it is engaged, in the business of supplying electric distribution service to the public in the State of Ohio. Accordingly, Duke Energy Ohio is a public utility within the meaning of that term as used in R. C. 4905.02 and 4905.03. As such, Duke Energy Ohio is subject to the jurisdiction of the Commission in the manner and to the extent provided by the laws of the State of Ohio.

Duke Energy Ohio owns, operates, manages and controls plants, properties and equipment used and useful in supplying electric distribution service over 660,000 customers in southwestern Ohio.

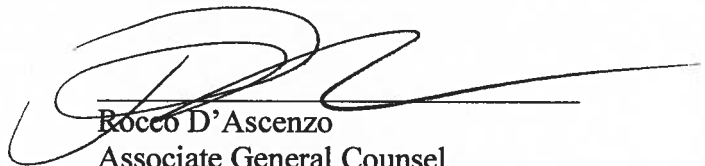

On January 28, 2010, Duke Energy Ohio filed its Multi-Year Boiler Recovery Plan (Plan) in accord with the Stipulation and Recommendation approved in Case No. 07-974-EL-UNC *et al.*, which resolved all issues raised relative to establishing Duke Energy Ohio's Rider PTC-FPP and PTC SRT for the audit period of July 1, 2007, through December 31, 2008. On October 3, 2011 a motion for extension of the protective treatment was filed and the motion was granted on January 30, 2012. Duke Energy Ohio's Plan for its generating assets details the projects by generating unit through 2019. The Plan sets forth the priority of each project, outage duration and estimated cost per project.

This Plan contains confidential trade secret information. Specifically, the Plan describes Duke Energy Ohio's boiler recovery strategy as contained in the Plan, includes estimated cost of

repairs and sensitive outage information including times and duration of outages necessary to effectuate the Plan. This confidential trade secret information, if publicly disclosed, would give Duke Energy Ohio's competitors access to competitively sensitive, confidential information, which in turn could allow the competitors to make offers to sell coal, etc. at higher prices than the competitors might offer in the absence of such information and to the detriment of Duke Energy Ohio and its customers.

WHEREFORE, Duke Energy Ohio respectfully requests that the Commission, pursuant to Ohio Admin. Code Section 4901-1-24(D), continue the protection provided by its Entry of January 30, 2012 and that the Confidential Material remain confidential, proprietary and a trade secret under R. C. 4901.16 and 1333.61.

Respectfully submitted,
