Business and Residential Plans

- [SunISP](#) VOIP and Internet Satellite have converged to become VOIP over Satellite. Sun-ISP is a Satellite Internet and VOIP provider serving the global market. Satellite internet and VOIP or Satellite VOIP has riled much skepticism to quality due to packet loss. SunISP was founded with the goal in mind of replacing this skepticism with crystal clear VOIP over Satellite to many Satellite users. Hughes and VOIP over Satellite work perfectly because our system has been configured to run on only 16Kbps of bandwidth unlike other providers. Starband and our VOIP Satellite along with Wild Blue Satellite VOIP work perfectly as well with minimum latency or delay. VOIP over Satellite is the ultimate solution to rural communities as international countries with limited dedicated infrastructure. We are a friendly VOIP over Satellite as well as standard VOIP company who ensures that a welcoming voice will answer on the other end when dialing for Support.

for VoIP Services

Make calls to any one of the 50 states of the USA, Canada or anywhere in the world for pennies. By using [SunISP](#) Broadband, DSL [or Satellite Internet Access](#), you don't even need expensive hardware.

Satellite Coverage

Welcome to our Satellite Coverage, where you can find detailed coverage information from Hughesnet, BroadSAT and StarBand. Based on your location anywhere in the world we can provide coverage for North America, Caribbean, West Indies and Europe.

Providing VoIP and Satellite anywhere in the world is what we do! No matter if you are in Latin America, the Caribbean, Asia or even in Europe we will provide the right Service and hardware at a reasonable cost.

As low as \$9.95 per month

Staying in touch with family and friends has never been this easy! Forget those annoying ten-digits security codes. Calling cards are a thing from the past. Simply plug in your phone system to your existing internet access and voila.... Best of all, calls within the network is free.

SunISPs customers in the Caribbean and Latin America can take full advantage of our VoIP network by signing up for our talk plan. All that is required is an existing Internet access, DSL, Cable [or Satellite](#). For pennies per minute, SunISP customers can place high quality telephone calls anywhere in the world.

Need to call Europe or even Latin America? We have the right price for you! SunISP allows you the chance to benefit like thousands of our clients do every day by using our Global Rates, our rates are always dropping so we are constantly changing the prices so that you get more for your buck.

Can't find your desired location in the list?

You may request for SunISP's availability in your area.

We can provide the service in 10 business days.
