AFFIDAVIT
Compliance with Commission Rules

I am an officer/agent of the applicant corporation, AT&T Ohio, and am authorized to make this statement on its behalf.

Please Check ALL that apply:

■ I attest that these tariffs comply with all applicable rules for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

■ I attest that customer notices accompanying this filing form were sent to affected customers, as specified in Section II, in accordance with Rule 4901:1-6-7, Ohio Administrative Code.

I declare under penalty of perjury that the foregoing is true and correct.

C. Local Exchange Usage

Four types of local exchange usage are available: measured, minute line, message and flat.

1. Measured Rate Services

The local usage charges are based upon four measured elements, i.e., the total number of outgoing local messages, the distance and the duration of each local message and the time of day each local message is originated, subject to the following:

a. Distance

The charges for local messages vary based on the airline distance (i.e., rate mileage) between the rate centers of the central offices serving the calling and called stations, determined in the same manner as message toll rate distances.

b. Duration

- (1) A charge applies for the initial minute, or fraction thereof, and for each additional minute, or fraction thereof.
- (2) A local message is considered as starting at the time telephone communication is established between the calling station and the called telephone number.
- (3) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by the automatic timing equipment in the telephone network.
- (4) Chargeable time does not include time lost because of faults or defects in the service.

c. Time of day

- (1) Discounts apply to the total charges for local messages during certain time periods as outlined below:

	Time Periods
No discount -	8:00 AM to 9:00 PM* - Monday through Friday
50% discount -	9:00 PM to 8:00 AM* - Monday through Friday (All day Saturday, Sunday and Holidays)

* To, but not including.

- (2) The holidays on which a 50% discount applies are Christmas Day (December 25), New Year's Day (January 1), Independence Day (July 4), Thanksgiving Day and Labor Day, or on resulting legal holidays when Christmas, New Year's or Independence Day legal holidays fall on dates other than December 25, January 1 or July 4 respectively.
- (3) In cases where a local message begins in one time period and ends in another, the charges in effect at the time the message starts apply to the entire message.
- d. The charges for local message usage are based on summary billing for such usage by mileage step, initial period calls and total additional minutes of usage per mileage step. The charges will also be separated by time period. Special billing of local message charges requiring the assistance of a Company operator will not be provided. (T)

1. MONTHLY EXCHANGE SERVICES (cont'd)

C. Local Exchange Usage (cont'd)

2. Message Rate Services (C)

Message Rate Service consists of a fixed monthly rate for usage packages which includes a monthly local usage allowance in the monthly rate. Each local call is charged on a message unit basis and an additional charge is made for local messages in excess of the allowance. The allowance, if not used during one month, is not credited to the customer's account for any other month that service is provided.

C. Local Exchange Usage

There are four types of local exchange usage: measured, minute line, message and flat. (C)
Effective July, 1, 2013, Measured Rate, Message Rate, and Minute Line Services will no longer be (N)
available for new residential installations. (N)

1. Non-Residence BLES Measured Rate Service^{/1/} (C)

Non-Residence measured rate local usage charges consist of per-minute usage charges based (C)
upon four measured elements, i.e., the total number of outgoing local messages, the distance
and the duration of each local message and the time of day each local message is originated,
subject to the following:

a. Distance

The charges for local messages vary based on the airline distance (i.e., rate mileage)
between the rate centers of the central offices serving the calling and called stations,
determined in the same manner as message toll rate distances.

b. Duration

- (1) A charge applies for the initial minute, or fraction thereof, and for each additional
minute, or fraction thereof.
- (2) A local message is considered as starting at the time telephone communication is
established between the calling station and the called telephone number.
- (3) Chargeable time ends when the calling station "hangs up" thereby releasing the
network connection. If the called station "hangs up" but the calling station does not,
chargeable time ends when the network connection is released by the automatic
timing equipment in the telephone network.
- (4) Chargeable time does not include time lost because of faults or defects in the service.

/1/ Measured Rate, Message Rate and Minute Line Services will not be available for new residence (D)
installations effective July 1, 2013. Existing customers may keep these services until they move or (D)
make changes in their services or until the services are discontinued. See AT&T Ohio Guidebook, (N)

c. Time of day

- (1) Discounts apply to the total charges for local messages during certain time periods as outlined below:

	Time Periods
No discount -	8:00 AM to 9:00 PM* - Monday through Friday
50% discount -	9:00 PM to 8:00 AM* - Monday through Friday (All day Saturday, Sunday and Holidays)

* To, but not including.

- (2) The holidays on which a 50% discount applies are Christmas Day (December 25), New Year's Day (January 1), Independence Day (July 4), Thanksgiving Day and Labor Day, or on resulting legal holidays when Christmas, New Year's or Independence Day legal holidays fall on dates other than December 25, January 1 or July 4 respectively.
- (3) In cases where a local message begins in one time period and ends in another, the charges in effect at the time the message starts apply to the entire message.
- d. The per-minute charges for local message usage are based on summary billing for such usage by mileage step, initial period calls and total additional minutes of usage per mileage step. The charges will also be separated by time period. Special billing of local message charges requiring the assistance of a Company operator will not be provided. (C)
