RE: Switzerland Station Project: Invitation to Open House

Dear Property Owner:

This is a letter introducing you to Dominion East Ohio and its proposed Switzerland Station Project. This project will further enhance natural gas storage and transportation services in Ohio. One important component of the project will be the construction of a new natural gas compressor station in your area. This compressor station will enhance Dominion's ability to transport gas through our existing intrastate pipeline facilities already located in your area.

Since you own land contiguous to the proposed compressor station, we would like to invite you to join us at an informal Open House hosted by Dominion. The Open House will provide you with an opportunity to learn more about our plans and ask our company representatives about the project. We hope you will be able to join us as follows:

Date: Thursday, August 15, 2013
Time: 6:30 pm to 8:00 pm
Location St. John's United Church of Christ
51705 German Ridge Road
Powhatan Point, Ohio

Dominion takes pride in our long-standing commitment of working with all landowners and neighbors who may be affected by our projects. We follow this practice during all of our new projects and continue this practice through our day-to-day operations once our facilities are built. We are confident that you will see this commitment to property owners reflected in every contact you have with the representatives of Dominion.

All of us at Dominion look forward to sharing information about our project with you. Please plan to join us at our Open House. We hope to see you there.

Respectfully,

John Schniegenberg
