FINDING AND ORDER

The Commission finds:

- (1) The Dayton Power and Light Company (DP&L or Applicant) is a public utility by virtue of Section 4905.02, Revised Code, and an electric light company as defined by Section 4905.03(A)(3), Revised Code. DP&L is therefore subject to the jurisdiction of the Commission pursuant to Sections 4905.04 and 4905.05, Revised Code.
- (2) On June 24, 2009, the Commission adopted a Stipulation and Recommendation (Stipulation) in DP&L's electric security plan proceeding authorizing, among other things, DP&L to institute an avoidable Alternative Energy Rider (AER) to recover costs incurred to comply with Section 4928.64, Revised Code. *In re Dayton Power and Light Company*, Case Nos. 08-1094-EL-SSO et al., Opinion and Order (June 24, 2009) (*ESP Proceeding*). The Commission approved the AER subject to an annual true-up to be filed by June 1<sup>st</sup> of every year.
- (3) On March 21, 2012, the Commission approved DP&L's current AER rates in Case No. 10-89-EL-RDR.
- (4) On May 31, 2013, DP&L filed an application to update its AER, which includes an increase of \$0.86 per bill based on residential customer usage of 750 kWh per month. On July 24, 2013, the Commission Staff filed its staff review, recommending that the Commission approve the application.
- (5) The Commission finds that the application is consistent with the stipulation approved by the *ESP Proceeding* and does not appear to be unjust or unreasonable. Further, the Commission finds that it is not necessary to hold a hearing into this matter. Accordingly, DP&L's application to update its AER should be approved.

It is, therefore,

ORDERED, That DP&L's application to update its AER be approved. It is, further,

ORDERED, That the Applicant file in final form four complete copies of tariffs consistent with the Finding and Order. One copy shall be filed with this case docket, one designated for distribution for the Rates and Tariffs Division of the Commission's Utilities Department. The applicant shall also update their respective tariffs previously filed electronically with the Commission's Docketing Division. It is, further,

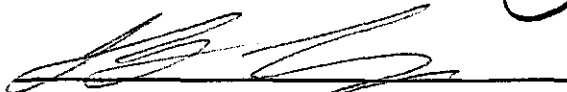

ORDERED, That the effective date of the new tariffs shall be a date not earlier than both the date of this Finding and Order and the date upon which four complete printed copies of final tariffs are filed with the Commission. The new tariffs shall be effective for bills rendered on or after such effective date. It is, further,

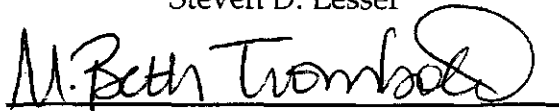

ORDERED, That the Applicant shall notify all effected customers via a bill message or via a bill insert within 30 days of the effective date of the tariffs. A copy of the customer notice shall be submitted to the Commission's Service Monitoring and Enforcement Department, Reliability and Service Analysis Division, at least 10 days prior to its distribution to customers.
