RECEIVED-DOCKETING DIV

Docketing Case No.: 09-0119-EL-AEC

Notes:

Problem: Ormet an aluminum
smelter in Hannibal Oh receives an electric subsidy from that comes from a
charge on other AEP customers in the State. How is this legal How can the PUCO
choose winners and losers When did I give them permission to spend my money to
pay for someone elses utilities I agree that customers who buy large quantities
of anything should get a price break but that should be the suppliers decision
and should apply to all customers.
