Exhibit B-1 "Jurisdictions of Operations"

Other than its Ohio CRES certification as a Power Broker, Scioto Energy does not hold any licenses nor is certified/registered or otherwise authorized to provide retail or wholesale electric services including aggregations services in any other jurisdiction.

Exhibit B-2 "Experience & Plans"

Scioto Energy is an independent brokerage and consulting firm founded in 2009 to provide energy solutions for clients in the areas of energy procurement, rate analysis, risk management and load response. The managing partners are seasoned energy professionals with over 30 years of experience in both energy trading and energy retail marketing. Scioto Energy is completely independent from any wholesale supplier; our only allegiance is to our customers. Our extensive knowledge of utility structures, tariffs, and wholesale modeling allows us to deliver crucial and unbiased information to our clients, which empowers them to make the best decisions regarding implementation of risk strategies that are in line with corporate goals.

Scioto Energy's unique procurement and analysis process ensures our clients the best optimization of structure and strategy for their own risk appetite. Based on each customer's requirements and criteria, we reach out to a diversified group of suppliers we have vetted and determine to be in a position to fulfill that customer's specific needs and then supply the essential data for the customer to make an informed decision. Scioto Energy does not take title to the electricity and is not a party to any agreements between customer and supplier and therefore does not provide any energy related billing statements to customers.

Greg Bechert has been involved in the energy retail industry since 1995 beginning with Enron Capital and Trade, where his initial focus was natural gas end-use customers throughout the Midwest region, specifically in Indiana, Michigan, and Ohio. Over seven years, his role and responsibilities expanded to include marketing electricity in Massachusetts, Illinois and Texas. In 2003, Mr. Bechert joined Constellation NewEnergy (CNE) where his knowledge and background assisted CNE in its marketing campaigns under Cinergy's and FirstEnergy's Market Development Plans. He went on to manage CNE's Midwest sales team, and was instrumental in leading the company's sales efforts behind the Ameren footprint in Southern Illinois, and eventually expanded his responsibilities to include the ComEd market throughout Chicagoland.

Susanne Buckley began her energy career in 1992 when she joined American Electric Power as an environmental engineer, which provided the foundation for her extensive knowledge of utility rate structures developed over the years. Ms. Buckley moved to the deregulated side when she joined American Electric Power Energy Services in 1998 where she gained experience in operations, trading, structuring deals and marketing. In 2005, Ms. Buckley joined Integrys Energy Services where she led the residential mass markets efforts for deregulated natural gas and electricity sales and also directed the commercial and industrial sales efforts for the Midwest region.
