RE: PUCO Case No. 13-833-EL-POR (Dayton Power and Light Energy Efficiency and Peak Demand Reduction Portfolio Case).

To the Docketing Division:

This correspondence, on behalf of the Sierra Club Ohio Chapter, is intended to serve as notice that the Sierra Club does not oppose the Stipulation filed on October 2, 2013, by the Dayton Power and Light Company. The Stipulation was signed by various signatories and filed in the above-listed case docket.

Sierra Club actively participated in the case and in discussions between DP&L and other intervening parties. Sierra Club Ohio Chapter is currently seeking approval from its national litigation team to be added as a signatory party to the Stipulation, and expects notification within the next two weeks.

If the Sierra Club national litigation team approves participation as a signatory to the Stipulation, Sierra Club will file on the docket an exhibit indicating its request to be added to the Stipulation as a signatory party.

Thank you for your consideration. Please feel free to contact me with any questions.

Sincerely,

/s/Christopher J. Allwein
