Dear Ms. Crockron:

Enclosed are one original and four copies of the following tariff sheets being filed in compliance with the May 21, 1984 Opinion and Order in the above case. That Order requires a Notice of Adoption when modifications are made to the Sprint Local Telephone Companies Tariff F.C.C. No. 1, which are to be mirrored in the United Telephone Company Access Tariff, P.U.C.O. No. 1.

Check Sheets Effective May 6, 2000 for Transmittal 107:

Sprint Local Telephone Companies FCC Transmittal No. 107 became effective May 6, 2000. Transmittal No. 107 removes Federal Government Term Discount Plan rates and regulations in Section 10 for which Sprint has no existing demand. The filing also revises the term discount regulation in Section 7.4.11(F) to offer customers the option of automatically increasing their commitment level when the 130 percent threshold is exceeded. Additionally, this filing includes minor changes and clarifications, and includes additional revisions not applicable in Ohio.

Please return a date-stamped copy of this transmittal letter in the enclosed self-addressed stamped envelope for our files. A duplicate is enclosed for that purpose. If you have questions or need additional information regarding this filing, please call Becky Donahue at (614) 220-8624.

Best regards,

Following is a matrix showing, for each Interface Group, which premises interfaces are available as a function of the Telephone Company switch supervisory signaling and Feature Group. Each premises interface is identified by a specific premises interface code. Voice trunks are available with Interface Groups 1-4, 6 and 9. Signaling links are available with Interface Groups 6 and 9. For explanations of these codes, see 7.3.1 following.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan (Cont'd)(F) Increasing the TDP Commitment Level

Customers may increase their commitment level at any time by notifying the Telephone Company in writing. An increase in the commitment level will not change the expiration date of the TDP.

When a commitment level is increased, the actual in-service channel termination and/or multiplexer level at the time of the increase will be used to calculate the new commitment threshold as described in Section 7.4.11(B) preceding.

Upon written notification to the Telephone Company, customers may elect to have all future channel terminations and/or multiplexers installed during a commitment period automatically placed on the designated TDP.

Customers may request, upon written notification to the Telephone Company, that the Telephone Company automatically increase the customer's TDP commitment level when the 130% commitment threshold, as set forth in 7.4.11(B) preceding, is exceeded. The adjusted commitment level will be the actual channel terminations and/or multiplexers in service under the TDP at the time the 130% threshold is exceeded. The expiration date of the customer's TDP will not be affected by this change.

The customer may rescind its request to automatically add future channel terminations and/or multiplexers, or to automatically increase its commitment level when the 130% threshold is exceeded, by notifying the Telephone Company in writing.

ACCESS SERVICE

7. Special Access Service (Cont'd)7.4 Rate Regulations (Cont'd)7.4.11 Special Access Term Discount Plan (Cont'd)(G) Decreasing the TDP Commitment Level and Termination Liabilities

Customers may only decrease their commitment level by paying termination liability charges on the number of channel terminations and/or multiplexers by which the commitment level is decreased. Termination liabilities will apply to applicable services covered by the TDP. For example, a customer has a commitment level of 150 channel terminations and/or multiplexers. The customer then decreases its commitment level to 125. The customer must pay a termination liability on the most recently disconnected 25 facilities, inclusive of all associated rate elements as listed above.

If a customer disconnects any portion of their TDP service prior to the expiration of the commitment period, the customer will be billed 50% of the monthly TDP charges for the remaining portion of the committed term. For example, a customer disconnecting in the 12th month of a 3 year plan will be charged 50% of the remaining 24 months of billing.
