Service Quality and Consumer Protection

The Company is committed to satisfying all applicable state and federal requirements related to consumer protection and service quality standards.

The Company complies with the Cellular Telecommunications and Internet Association's (CTIA) Consumer Code for Wireless Service.

1. Disclose Rates and Terms of Service – These are fully disclosed in advertising as well as on the Company's website.
2. Make Coverage Maps Available – Coverage maps are available on the Company's website; by inputting a zip code, customers can see a map of the coverage in that area.
3. Provide contract terms – this does not apply since i-wireless does not employ contracts.
4. Allow a trial service – Retail customers can return their phone within 14-days for a refund. Since Lifeline customers receive free service, there is no commitment to the service on their part. If the service does not suit their needs, they can cancel service at any time without penalty.
5. Provide Specific Disclosure in advertising – All Company advertising, including its website, fully discloses charges and service parameters.
6. Separately Identify Carrier Charges from Tax on Billing Statements – i-wireless does not render billing statements to its prepaid customers, but for every transaction they make, service charges vs. taxes are fully described.
7. Provide Customers with the Right to Terminate Service Upon Changes to Their Contract – As mentioned, we don't employ contracts so this provision does not apply. Customers can, however, cancel service at any time without penalty.
8. Provide Ready Access to Customer Service – Customers can call customer service for free by dialing 611 or an 800 number. These numbers are disclosed on the Company's website and in advertising and customer welcome materials. Of note, our customer care service provides exceptional service that generally well exceeds our prepaid wireless peers. We have deployed technology whereby customers are offered a convenient call back, if the hold time will be more than 2 minutes due to peak traffic periods. Customers may also access Customer Service online through the Company's website.
9. Promptly Respond to Customer Inquiries and Complaints from Government Agencies – We promptly respond to all complaints. If a customer care representative cannot help a customer, we have an escalation process. i-wireless is committed to resolving customer questions, concerns and complaints in a swift and satisfactory manner.
10. Privacy Policy – Our privacy policy is available, via link, on every page of the Company's website. Our Terms and Conditions (which customers receive in their welcome packet) also summarize the privacy policy and refer customers to the more extensive privacy policy itself, for more information.

Functionality in Emergency Situations

As a reseller, the Company relies upon its underlying facilities-based carrier for functionality in emergency situations. Through the Company's agreement with its underlying carrier, Sprint, the Company has the ability to remain functional in emergency situations. The Sprint wireless network has reasonable amounts of back-up power and the ability to reroute traffic around damaged facilities and manage traffic spikes resulting from emergency situations. Each cell site in the Sprint's network is equipped with two to four hours of battery back-up power. Many cell sites in the Sprint network provide overlapping coverage for neighboring areas, ensuring that coverage continues in the event of damage to a particular facility. These neighboring cell sites can be adjusted to provide coverage to a wider service area in the event of an emergency. As an MVNO of Sprint, these capabilities benefit i-wireless customers.
