## **EXHIBIT C**

### **(Description of the Changes)**

In this application, Kalida Telephone Company requests BLES flexibility in order to have the authority to increase its BLES rates for both business and residential customers by \$1.25 per month in its Kalida Exchange, at a date to be determined in the near future. Obtaining flexible pricing at this time is essential for the Company to bring its rates more in line with the national average and continue to provide its customers with excellent telephone service.

## EXHIBIT D

### (Customer Notice and Affidavit)

The following customer notice will appear on bills that are mailed to customers on **Date to be Determined** once a decision has been made to increase local telephone rates for residential and/or business customers. This notice will also be sent to the Office of Ohio Consumers' Counsel and to the Commission's electronic mailbox ([Telecomm-Rule07@puc.state.oh.us](mailto:Telecomm-Rule07@puc.state.oh.us)) no less than thirty days prior to the increase.

Effective **Date to be Determined**, our local telephone for residential and business customers will increase by \$1.25 per month in the following three service areas:

		<u>Current Monthly Rate</u>	<u>New Monthly Rate</u>
<b>Base Rate Area</b>	Res	\$ 6.45	\$ 7.70
	Bus	\$ 7.55	\$ 8.80
<b>Zone #1</b>	Res	\$ 7.05	\$ 8.30
	Bus	\$ 8.15	\$ 9.40
<b>Zone #2</b>	Res	\$ 7.65	\$ 8.90
	Bus	\$ 8.75	\$10.00

The increase is necessary to bring our residential local rates more in line with the national average and continue to provide our customers with excellent telephone service.

If you have any questions about the revised rates, please call our office at (419) 532-3218.

The following affidavit will be prepared and filed with the Commission after the customer notice is provided to customers on **Date to be Determined**:

I, \_\_\_\_\_, am an officer of the applicant corporation, Kalida Telephone Company, Inc. and am authorized to make this statement on its behalf. I attest that the customer notice accompanying this affidavit was sent to the affected customers as a bill message on **Date to be Determined**, in accordance with Rule 4901:1-6-07, Ohio Administrative Code. I declare under penalty of perjury that the foregoing is true and correct.

## **EXHIBIT E**

### **(Demonstration of Alternative Providers)**

Pursuant to R.C. 4927.12(C)(3)(a) and Ohio Administrative Code 4901:1-6-14, Kalida Telephone Company, Inc. may not increase its BLES rates for an exchange area unless it first applies to the Public Utilities Commission of Ohio and the Commission determines that the application demonstrates that two or more alternative providers offer, in the exchange area, competitive service to the BLES service offered by the company, regardless of the technology and facilities used by the alternative provider, the alternative provider's location, and the extent of the alternative provider's service area within the exchange area. An alternative provider, under R.C. 4927.12(C)(3)(a), includes a telephone company, including a wireless service provider, a telecommunications carrier, and a provider of internet protocol-enabled services, including voice over internet protocol.

The Commission has not previously determined Kalida Telephone Company Inc.'s exchange qualified for alternative regulation of BLES.

In accordance with R.C. 4927.12(C)(3)(a), the attached information demonstrates that two or more alternative providers offer competitive service to the BLES service offered by Kalida Telephone Company, Inc. in its exchange, namely Verizon Wireless, AT&T Wireless, Sprint and Time Warner Cable.

**Important Information About This Coverage Map**

This coverage viewer provides a high-level approximation of wireless coverage. There are gaps in coverage that are not shown by this high-level approximation. Actual coverage may differ from map graphics and may be affected by terrain, weather, foliage, buildings and other construction, signal strength, high-usage periods, customer equipment, and other factors. AT&T does not guarantee coverage. Our coverage maps are not intended to show actual customer performance on the network, nor are they intended to show future network needs or build requirements inside or outside of existing AT&T coverage areas. Coverage maps also may include areas served by unaffiliated carriers and may depict licensed areas rather than an approximation of coverage. Charges will be based on the location of the site receiving and transmitting

This tool provides high-level estimates of our wireless coverage. Coverage is not available everywhere and varies based on a number of factors. >> [Learn more](#)

Our coverage maps provide high-level estimates of our coverage areas when using your device outdoors under optimal conditions. Coverage isn't available everywhere. Estimating wireless coverage and signal strength is not an exact science.

There are gaps in coverage within our estimated coverage areas that, along with other factors both within and beyond our control (network problems, software, signal strength, your wireless device, structures, buildings, weather, geography, topography, etc.), will result in dropped and blocked connections, slower data speeds, or otherwise impact the quality of services.

Services that rely on location information, such as E911 and GPS navigation, depend on your device's ability to acquire satellite signals (typically not available indoors) and network coverage. E911 services also depend on local emergency service provider systems/support. Estimated future coverage subject to change.
