Case No. 13-0309-GA-UEx

REPLY COMMENTS OF NORTHEAST OHIO NATURAL GAS CORPORATION

On October 2, 2013, Northeast Ohio Natural Gas Corporation ("NEO") filed its Annual Uncollectable Expense Rider Report ("Annual Report"), which revised its current uncollectable expense rider rate in the above-captioned case. On October 17, 2013, the Staff of the Public Utilities Commission of Ohio (the "Staff") filed Comments in response to NEO's Annual Report. The Staff found a mathematical error in Attachment 2 to NEO's Annual Report. Specifically, the Staff determined that NEO's Estimated Uncollectible Accounts for the period July 2013 through June 2014 as reported on Attachment 1 equaled \$45,000 not \$35,000 as indicated on Attachment 2. NEO has reviewed its Annual Report in connection to this mathematical error and agrees with the Staff's correction to the Annual Report. Accordingly, the new uncollectible expense rider rate, as set forth in Staff's comments, should be (\$0.0091) per Mcf.
