

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Application of the)
University of Cincinnati's Waste Heat)
Recovery facility for Certification as an) Case No. 13-1779-EL-REN
Eligible Ohio Renewable Energy)
Resource Generating Facility.)

ENTRY

The attorney examiner finds:

- (1) On October 16, 2013, the University of Cincinnati filed an application for certification of its waste heat recovery system as an eligible Ohio renewable energy resource generating facility.
- (2) Pursuant to Rule 4901:1-40-04(F)(2), Ohio Administrative Code, this application is subject to a 60-day automatic approval process. The rule also provides that the Commission may suspend an application during the 60-day approval process.
- (3) This application presents novel issues regarding the certification of this facility, and the Commission's Staff has requested additional time to investigate this application and file its recommendations for the Commission's review. Accordingly, the 60-day automatic approval process will be suspended at Staff's request for good cause shown.

It is, therefore,

ORDERED, That the automatic approval process for this application for certification as an eligible Ohio renewable energy resource generating facility be suspended. It is, further,

ORDERED, That a copy of this entry be served upon the applicant and all parties of record in this case.
