180 East Broad Street
Columbus OH 43266-0573

Re: Case No. 83-464-TP-COI
Case No. 90-5032-TP-TRF

Dear Ms. Crockron:

Attached are three sets of revised tariff pages to be filed in your copy of the Ameritech Operating Companies Access Service Tariff, F.C.C. No. 2.

Please be advised that with this filing, Ameritech proposes to modify the process in which Operator Transfer Service calls from end users are transferred to customers.

Should you have any questions or require additional information, please contact me at 223-8184.

Very truly yours,

Susan Drombetta
Director - Regulatory Affairs

Transmittal No. 1235

Ms. Magalie Roman Salas
Secretary
Federal Communications Commission
Washington, D.C. 20554

Attention: Common Carrier Bureau

The accompanying tariff material, issued by Ameritech Operating Companies (Ameritech) and bearing Tariff F.C.C. No. 2, is sent to you for filing in compliance with the requirements of the Communications Act of 1934, as amended.

This filing, scheduled to become effective June 8, 2000, consists of tariff pages as indicated on the following Check Sheets.

Tariff F.C.C. No.

Check Sheet No.

1110th Revised Page 1

279th Revised Page 1.3

With this filing, Ameritech is proposing modifications to the process in which Operator Transfer Service calls from end users are transferred to customers. These changes will standardize and revise procedures under which Operator Transfer Service will be provided by Ameritech.

In accordance with Section 61.32(b), the original Transmittal Letter, the Federal Communications Commission Form 159 and the filing fee have been submitted to a courier service for delivery to the Treasury Department lockbox located at the Mellon Bank in Pittsburgh, Pennsylvania.

In accordance with Sections 61.32(a) and (c), the appropriate attachments are hereby delivered to the Secretary, Federal Communications Commission and the Chief, Tariff and Pricing Analysis Branch. These actions have been committed on the date established as the issued (filed) date as reflected above.

Acknowledgment and date of receipt of this Transmittal are requested. A duplicate letter is attached for this purpose.

May 24, 2000

Personal or facsimile service petitions against this Transmittal, as required under Section 1.773(a)(4) of the Commission's Rules, should be sent to Jill Morlock, Area Manager-Rates and Tariffs, Four Bell Plaza, Room 1950.04, Dallas, TX 75202, facsimile number (214) 858-0599. All other correspondence and inquiries concerning this Transmittal should be addressed to Michael Alarcon, Associate Director-Federal Regulatory, (202) 326-8874, 1401 I Street, N.W., Suite 1100, Washington, D.C. 20005.

Sincerely,

A handwritten signature in black ink, appearing to read "Julie G. Vaughn-Smith". The signature is fluid and cursive, with the first name "Julie" being the most prominent.

ACCESS SERVICE

6. Switched Access Service (Cont'd)

6.1 General (Cont'd)

6.1.3 Rate Categories (Cont'd)

(A) Switched Transport (Cont'd)

(3) Nonchargeable Optional Features (Cont'd)

(d) 64 Clear Channel Capability

The 64 Clear Channel Capability (64 CCC) option employs the Bipolar 8 Zero Suppression (B8ZS) technique to permit customers to use the full 64 Kbps bandwidth of a DS0 channel. The wire centers equipped for 64 CCC are set forth in the National Exchange Carrier Association Tariff F.C.C. No. 4 for Wire Center Information (V & H coordinates). 64 CCC, as described in AM-TR-TMO-000094, is available with Interface Groups 6 and 9 for Feature Group D with Signaling System 7 signaling.

(e) LT-1 Clear Channel Capability

An arrangement which allows a customer to transport 1.536 Mbps of information on a 1.544 Mbps LT-1 Direct Transport facility with no constraint on the sequence or quantity of one and zero bits.

LT-1 Clear Channel Capability is a required option for LT-1 Direct Transport when 64 CCC channels are multiplexed onto the LT-1 Direct Transport service.

Where appropriate facilities are not immediately available, negotiated order intervals may apply. The technical specifications for this feature are described in Technical Reference TR-INS-000054.

(4) Chargeable Optional Features

(a) Operator Transfer Service (OTS)

Operator Transfer Service is an originating service that provides call routing of calls requiring operator assistance to a participating customer as requested by the calling end user. OTS customers are required to answer transferred calls with the same name in which they subscribe to Operator Transfer Service.

ACCESS SERVICE

6. Switched Access Service (Cont'd)

6.1 General (Cont'd)

6.1.3 Rate Categories (Cont'd)

(A) Switched Transport (Cont'd)

(4) Chargeable Optional Features (Cont'd)

(a) Operator Transfer Service (OTS) (Cont'd)

If the end user has no specific customer preference, the Telephone Company operator will offer to connect the end user to the presubscribed interexchange carrier (PIC) serving the originating line. The operator will verify service participation, obtain end user acceptance and then transfer the call.

If the calling end user does not accept transfer to the PIC of the originating line or if the PIC of the originating line does not participate in Operator Transfer Service, the Telephone Company operator will offer the end user names from a randomly generated list of Operator Transfer Service customers. OTS customers not answering transferred calls with the same name in which they subscribe to Operator Transfer Service will not be included on the randomly generated list.

All rates and charges normally applicable to Feature Group D, i.e., nonrecurring, monthly recurring, and usage sensitive, apply to Operator Transfer Service. The Feature Group D mileage is measured as set forth in 6.7.12. Additionally, a charge as specified in 6.9.1(D)(1) following, is assessed the customer per call transferred.

(b) Inward Assistance Service

Inward Assistance is an option which provides for Operator to Operator assistance to attempt to determine the status of the line or for a general inquiry. The customer's operator may request assistance when a call originates outside of the LATA and the terminating number is within the Telephone Company's service area. The types of Inward Assistance which may be provided are described below. The Telephone Company operator only provides Inward Assistance for InterLATA calls. This option is provided with FGD and is available in all Telephone Company end offices.
