Transmittal Letter  
Revised Tariff Sheets Filed Pursuant to the  
Commission's Order in Case No. 83-464-TP-COI  
and  
Case No. 90-5023-TP-TRF

Dear Ms. Crockron:

Revised tariff sheets have been filed with the FCC to amend GTOC Tariff FCC No. 1, Facilities for Interstate Access, in which GTE North Incorporated concurs for intrastate applications.

In accordance with your Commission's Order in Case No. 83-464-TP-COI, we are filing four (4) copies of these revised tariff sheets.

Transmittal No. 1255 - Effective May 20, 2000

This filing proposes changes to the language for the cancellation charge. Currently, the cancellation charge is calculated using the Scheduled Issue Date (SID). The tariff is being revised to calculate the cancellation charge on the Application Date rather than the SID date. The Application Date is known by the customer and appears in a standard field on the Firm Order Confirmation (FOC). There is no field on the FOC to reflect the SID.

In addition, this filing provides for special construction for OC3 facilities for Shriner's Hospital in Florida, under Section 10, Special Construction and adds billing codes under Section 11, Special Federal Government FIA.

Acknowledgement and date of receipt of this filing is requested.

Sincerely,

John W. Kennedy  
Assistant Vice President-Regulatory  
and Governmental Affairs

FACILITIES FOR INTERSTATE ACCESS

3. ORDERING OPTIONS FOR FIA (Cont'd)

3.2 Access Service Request (Cont'd)

3.2.6 Cancellation of an ASR (Cont'd)

(A) (Continued)

For Special Access, and Switched Access Entrance Facilities and Direct-Trunked Transport, if a customer is unable to accept service within 30 calendar days of the original service date, the customer has the choice of the following options:

- The ASR shall be canceled and charges in (C) will apply, or
- Billing for the service will commence.

In either case, the cancellation date or the billing date shall commence on the 31st calendar day beyond the original service date of the ASR.

- (B) ASR costs are considered to have started when the Telephone Company incurs any cost in connection therewith or in preparation thereof which would not otherwise have been incurred. These costs include but are not limited to preliminary engineering, orders to suppliers, and other similar items of cost.

(D)

(D)

- (C) When a customer cancels an ASR for the installation of new service, or an ASR to modify existing service, charges will apply as follows:

- (1) When an ASR for Switched Access Service is canceled on or after the Application Date, the (T) Cancellation Charge is calculated, on a per ASR basis, by multiplying the total Installation nonrecurring charges for the quantity ordered by the number of business days elapsed since the Application Date, (T) and dividing that figure by the number of days in the service interval (i.e., the number of business days between the Application Date and the last day of the service date interval) and adding the (T) Switched Access Ordering Charge.
- (2) When an ASR for Special Access Service is canceled on or after the Application Date, the (T) Cancellation Charge is calculated, on a per ASR basis, by multiplying the total nonrecurring charges for the quantity ordered by the number of business days elapsed since the Application Date and (T) dividing that figure by the number of days in the service interval (i.e., the number of business days between the order date and the last day of the service date interval).
