**Case No. 13-2045-EL-REN  
Staff Interrogatories – Initial Set**

Question 1: In section N of the application the photo appears to be of the generation tracking system not of the meter itself. Please provide a photo of the meter that is being used.

Answer 1: The customer does not have a revenue grade meter installed for this facility. The installer has ordered a revenue grade meter to be installed, but it will not be in place until early January 2014.

**Because of this, please consider this reply to staff interrogatory as a withdrawal of this application.** A new application will be submitted once a revenue grade meter has been installed.

Please let me know if you have any further questions and thank you for your cooperation.
